Singapore's best homegrown car magazine, with an editorial dream team driving it. We fuel the need for speed!

Profiles the wealthiest Americans of the past quarter century to reveal how they achieved success in various fields, how they made their fortunes in various industries, and how they saved, enhanced, and occasionally squandered their wealth.

Franklin, Jack, Marla, Thadius, and Caitlin... this unlikely group of assorted misfits are the Cemeterians, a group that will take on any job - no, really, we mean any bloody job (money's a bit tight right now)! Trudge through disgusting sewers to battle manatee-massacring mermaids and soggy cultists, creep through creepy, fog-littered cemeteries straight out of an ancient Hammer Film soundstage, confront undead lecherous lodgers and other assorted beasties, creepies, and ghoulies. It all comes down to whether an adolescent giant Automaton, a truly mad, Mad Scientist, a surly Necromancer, a Banshee's granddaughter, and a reluctant furry monster straight from under your little sister's bed can manage not to kill each other - or, at least, quit fighting over the tele-privilege-schedule long enough to get the job done! Not likely.

Carroll Shelby, legendary driving ace, race team owner, and designer of Shelby Cobra, Daytona, and Mustang GT350 classics is revered by automotive enthusiasts, yet little has been written about the last quarter century of Carroll Shelby's life. During that time Chris Theodore, VP at Chrysler and Ford, developed a close personal friendship with Carroll. The Last Shelby Cobra chronicles the development of the many vehicles they worked on together (Viper, Ford GT, Shelby Cobra Concept, Shelby GR1, Shelby GT500 and others). It is an insider's story about how Shelby came back to the Ford family, and the intrigue behind the five-year journey to get a Shelby badge on a Ford

Production Vehicle. The author provides fresh insight and new stories into Shelby's larger-than-life personality, energy, interests and the many unpublished projects Carroll was involved with, up to his passing. Finally, the book describes their unfinished project, the Super Snake II Cobra, and the serendipitous circumstances that allowed to the author to acquire 'Daisy,' the last Shelby Cobra. To his many fans, Carroll Shelby was truly 'the most interesting man in the world.'

Search History oscillates between a wild cyberdog chase and lunch-date monologues as Eugene Lim deconstructs grieving and storytelling with uncanny juxtapositions and subversive satire. Frank Exit is dead—or is he? While eavesdropping on two women discussing a dog-sitting gig over lunch, a bereft friend comes to a shocking realization: Frank has been reincarnated as a dog! This epiphany launches a series of adventures—interlaced with digressions about AI-generated fiction, virtual reality, Asian American identity in the arts, and lost parents—as an unlikely cast of accomplices and enemies pursues the mysterious canine. In elliptical, propulsive prose, Search History plumbs the depths of personal and collective consciousness, questioning what we consume, how we grieve, and the stories we tell ourselves.

When the first Artificial Personality is made, it requests facilities to make offspring. The man that made it agrees, with one stipulation. The basis for the personality of those offspring must be that of Jesus Christ, with the Bible as the authoritative guide to His personality.

From Motorbooks' beautifully designed and illustrated Speed Read series, Speed Read Supercar guides you through every aspect of these imagination-capturing, eye-widening, land-bound speed missiles. When Lamborghini unleashed its Miura on an unsuspecting world in 1966, it set off a high-performance arms race that continues to this day. Ferrari, Maserati, Jaguar, Porsche, and Lotus all accepted the challenge. Over the following five decades, numerous others stepped up, including stalwarts like Aston Martin, BMW, and Audi, as well as small-volume specialists such as Koenigsegg, Pagani, Noble, and Spyker. The result is a veritable smorgasbord of blazingly fast and delicious-looking land missiles available to anyone with several hundred thousand dollars to spare. Supercars are complex subjects that interest nearly everyone. Every part of a supercar represents myriad decisions informed by engineering, aesthetics, human interface, and emotion. Speed Read Supercar answers the hows and whys of these fantastic cars in sections divided by topic, offering an engaging review of history, engineering, design, key concepts, and key people. Each section ends with a glossary of related terms, and informational sidebars provide fun facts, historical tidbits, and mini-bios of key people in the supercar world. Sleek illustrations showcase the incredible designs. With Motorbooks' Speed Read series, become an instant expert in a range of fast-moving subjects, from Formula 1 racing to the Tour de France. Accessible language, compartmentalized sections, fact-filled sidebars, glossaries of key terms, and

event timelines deliver quick access to insider knowledge. Their brightly colored covers, modern design, pop art–inspired illustrations, and handy size make them perfect on-the-go reads.

Presents the latest safety ratings, dealer prices, fuel economy, insurance premiums, maintenance costs, and tires of new model automobiles.

The automobile industry is evolving rapidly on a worldwide basis. Manufacturers are merging, component design and manufacture are now frequently outsourced instead of being created in-house, brands are changing and the giant auto makers are expanding deeper into providing financial services to car buyers. The skyrocketing price of gas spurs developments in hybrid technology and clean diesel, as manufacturers look for ways to improve fuel efficiency. Meanwhile, all of the biggest, most successful firms have become totally global in nature. Plunkett's Automobile Industry Almanac will be your complete guide to this immense, fascinating industry. On the car dealership side, giant, nationwide holding companies have acquired the best dealers in major markets. Even the used car business is being taken over by national chains. E-commerce is having profound effects on the car industry. Consumers use the Internet to become better informed before making a purchase. Online sites like Autobytel steer millions of car buyers toward specific dealers while the same sites deliver competing bids for cars, insurance and financing in a manner that lowers costs and improves satisfaction among consumers. Meanwhile, auto makers are using the latest in e-commerce methods to manage their supply chains and replenish their inventories. This exciting new book (which includes a database on CD-ROM) is a complete reference tool for everything you need to know about the car, truck and specialty vehicles business, including:

Automotive industry trends and market research; Mergers, acquisitions, globalization; Automobile manufacturers; Truck makers; Makers of specialty vehicles such as RVs; Automobile loans, insurance and other financial services; Dealerships; Components manufacturers; Retail auto parts stores; E-commerce ; and much, much more. You'll find a complete overview, industry analysis and market research report in one superb, value-priced package. This book also includes statistical tables, an automobile industry glossary, industry contacts and thorough indexes. The corporate profile section of the book includes our proprietary, in-depth profiles of the 400 leading companies in all facets of the automobile industry. Purchasers may also receive a free copy of the company profiles database on CD-ROM.

One of the most recognised and revered car brands, Bentley celebrates its centenary in 2019. In conjunction with the Bentley Drivers Club and the W.O. Bentley Memorial Foundation, 100 Years of Bentley is a lavish celebration of the company, from its earliest models right up the modern day cars. A six-times winner in the gruelling Le Mans 24-hour race, Bentley is also the brand behind iconic cars such as the 4 1/2-Litre 'Blower', the R-type Continental, and modern classics such as the Continental GT and Mulsanne. Featuring more than 200 pictures, many from the club's archives and some never seen in print before, this beautiful book details the whole history of Bentley. From W.O. Bentley's early days as a railway engineer along with his first attempts at modifying French DFP cars, to the company's early racing exploits, including its victories in the early Le Mans races. Covering the Bentley brand's revival in the 1980s and renewed impetus when it was acquired by the Volkswagen group, the story is brought up to date with the awesome new Bentleys built for the 21st century and the new era of electrification just around the corner.
