

Archonten Das Erwachen Der Valkyrjar

"Arktos is the first book ever written on the archetype of the Poles: celestial and terrestrial, North and South. It is a hair-raising voyage through cosmology, occultism and conspiracy theory leads to startling revelations about the secrets of the Poles. The author investigates legends of a Golden Age, which some claim ended in a prehistoric catastrophe, a shift in the earth's axis. This is examined in the light of the latest geological theories, as are predictions of a coming pole-shift. The perennial fascination of these ideas is shown to be part of a "polar tradition" of hidden wisdom. There are many recorded tales of an ancient race said to have lived in the Arctic regions, which later spread through the Northern Hemisphere. This supposedly "Aryan Race" entered the pantheon of Nazi Germany, with dreadful consequences. The author examines the origins of modern neo-Nazi ideology, its "polar" inspiration, and its links with other arcana, including the survival of Hitler, German bases in Antarctica, UFOS, the Hollow Earth, and the hidden kingdoms of Agartha and Shambhala. However, "Arktos" differs from most writings on these subjects in its responsible and scholarly treatment, and its extensive use of foreign-language sources."--Provided by publisher.

Secrets of the Rosicrucians Hassell Street Press

Since the first Alien Bases book was published, the demand for the type of logic and reasoning, combined with scientific fact and clarity regarding UFO sightings, has increased worldwide.

Five-year-old Allison is one of a group of children who are abused and subjected to horrible rituals at a perverse day care center, but with therapy and her parents' love she begins the healing process.

This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.
