Stephen Pople, one of today's most respected science authors, has created a totally new physics book to prepare students for examinations. Complete Physics covers all syllabuses due to a unique combination of Core Pages and Further Topics. Each chapter contains core material valid for all syllabuses. Further Topics at the end can be selected to provide the right mix of pages for the syllabus you are teaching. Key Points:

- Totally new book constructed from an analysis of all GCSE Physics syllabuses including IGCSE, CXC, and O'Level
- Sets the traditional principles of physics in a modern and global perspective and uses illustrations with a worldwide context
- Extra topics to give a truly rounded curriculum
- Double-page spread format
- Ideal for those students intending to take physics to a more advanced level

Slowly, silently, now the moon  
Walks the night in her silver shoon;  
This way, and that, she peers,  
and sees Silver fruit upon silver trees;  
One spring evening, the fairies gather in the woods,  
Two sleepy children join in the parade to a wonderful, dream-like fairy party. Illustrated by bright new talent, Carolina Rabei, this Walter de la Mare poem is brought to life with shimmering, ethereal illustrations, making it the perfect book for bedtime. One of four seasonal Walter de la Mare picture books that form a set, each with complementing colour palettes and illustrations by rising young star Carolina.

With a clear, concise approach, this comprehensive resource will support your EAL learners in understanding key scientific concepts.
