How to Get Hitched (and Stay Hitched) is a 12-step program that liberates women from the lies they've absorbed about men and marriage and offers a new, foolproof roadmap for navigating life and love. America is single. It's divorced, under committed, and hopelessly out of touch with how to build a relationship that lasts. Women, in particular, are now groomed for a life centered around career and being fiercely independent—as though marriage and family were a nice idea, or a possible accompaniment, to an otherwise satisfying life. But if flying solo is so great, why are online dating sites a billion-dollar industry, replete with clients looking to get hitched? Because for most women, at their core, nothing is more important than finding Mr. Right. In How to Get Hitched (and Stay Hitched), author and marriage coach Suzanne Venker tells the hard-to-hear truth women need to hear: You've been fed a pack of lies about men and marriage, about sex and love, and about work-family "balance." Here's a brand-new idea: Stop focusing so myopically on careers! Work is only part of life—and not even the best part. The best part is finding someone to love who loves you back. There's nothing more extraordinary than an extraordinary marriage. Moreover, whom you marry, and how that marriage fares, will have the single greatest effect on your happiness and wellbeing than anything else you do. It will literally determine the direction your life will go. What sense does it make, then, to prioritize career over love? This book will challenge your worldview and possibly ruffle your feathers. It will cause you to pause and ask, "Why didn't anyone tell me this stuff?" But that's just a sign that you're on the right track. Because if you want to get married and stay married, trust me—you need a radical new roadmap. How to Get Hitched (and Stay Hitched) is the antidote you need to reject the lies you've been fed by our culture when it comes to women and men. It's about what you really want vs. what you've been told you

should want, and about what is true of men and marriage vs. what you've been told is true. Get ready. This book will rock your world.

A Simon & Schuster eBook. Simon & Schuster has a great book for every reader.

As I'm sure you know, it can be VERY hard to meet women. This is doubly so if you are shy or have little experience with women. And it isn't even that women reject you - it's that they IGNORE you completely! Every time you go out to a bar or club, you end up standing around alone (or with your equally shy buddies) watching people have a good time. And trust me - I know this can be SUPER frustrating. So the key to really improve your success with women is to learn how to get yourself NOTICED. Find more inside this book.

As boys, we are wrongly taught on how to be men because of society's standards and stereotypes that make us be, most of the time, what we are not supposed to be. We eventually tend to make our decisions on those standards and stereotypes that do not do any good to us. In this book, I am trying to break those stereotypes by coaching you how to be a real man: confident, strong, and able to make the right decisions for you and just you, forgetting about those stereotypes, standards, and doing what you are supposed to. I'll be step-by-step coaching you on what to do that should work for you as it did to me. Through my research, experience, and applying everything I learned to myself, I am able to coach you through life events that you'll do or that will eventually happen to you and how to deal with it and, at last, be able to get the woman you want or the woman you should have and stay with. But that part will only depend on you.

Which sort of seducer could you be? Siren? Rake? Cold Coquette? Star? Comedian? Charismatic? Or Saint? This book will show you which. Charm, persuasion, the ability to create illusions: these are some of the many dazzling gifts of the Seducer, the compelling figure who is able to manipulate, mislead and give pleasure all at once. When raised to the level of art, seduction, an indirect and subtle form of power, has toppled empires, won elections and enslaved great minds. In this beautiful, sensually designed book, Greene unearths the two sides of seduction: the characters and the process. Discover who you, or your pursuer, most resembles. Learn, too, the pitfalls of the anti-Seducer. Immerse yourself in the twenty-four manoeuvres and strategies of the seductive process, the ritual by which a seducer gains mastery over their target. Understand how to 'Choose the Right Victim', 'Appear to Be an Object of Desire' and 'Confuse Desire and Reality'. In addition, Greene provides instruction on how to identify victims by type. Each fascinating character and each cunning tactic demonstrates a fundamental truth about who we are, and the targets we've become - or hope to win over. The Art of Seduction is an indispensable primer on the essence of one of history's greatest weapons and the ultimate power trip. From the internationally bestselling author of The 48 Laws of Power, Mastery, and The 33 Strategies Of War.

An empowering book about standing your ground while dating, in marriage, in your career, and anywhere else. As an author and a coach who has been helping women for more than a decade, I noticed some women were in trouble. Not just in their relationships, some had unfulfilling jobs, didn't get paid what they were worth, had always dreamt of starting their own business but never did, felt lonely even though they had a husband and kids... the list goes on and on. So many women try to be the perfect girlfriends, wives, mothers, friends, sisters, colleagues, business owners, bosses, and more. They love to serve and want to succeed in the many roles they have to play. They are compliant, even to the people who don't really deserve that kind of treatment. They give it all they have, every single day. Regardless of their tremendous efforts, some women get little in return. They feel used. They get men that keep flaking out, careers that don't feel meaningful, and possibly a body that starts to feel and look more and more tired. Did you ever notice that burnout tends

to afflict women much more often than men? There's a reason for that, as you'll learn. This should stop. Some women seem to have found a loophole, a backdoor in the current system. There are women out there who have designed the life they live. I call these women the high-value women. This value has nothing to do with money. It turns out the high-value woman follows a set of strategies and principles. I'll share them with you throughout this book. You might have seen and met her. She's the woman who is self-employed, doing the thing she loves, and making a living off of it. She's the woman who might have decided to have a normal career, with a twist. It's the type of career she enjoys and she is actually appreciated for the hard work and hours she puts into it. When she speaks, others listen, even the men in her office with over-inflated egos. Her job almost never feels like work and is deeply fulfilling. It doesn't cost her energy; she gets energy from it. When she wakes up, she can't wait to get started with her day. She is the woman who has found and created herself a loving relationship with a man she loves. She is also the woman who is happily single, the woman who doesn't need a man to be happy. She has a supportive circle of great friends, and she has the time to hang out with them, even when she has kids. She knows how to set the world to her hand, so it seems, and some women wonder how she does it. That's what this book is about, I'll uncover her strategies. I've been studying and interviewing her for so long now that I can't wait to share everything with you. We'll dive in what to do in your romantic relationships, in your career, in your personal life, and most importantly, in your own mind. I'm sure you already are a high-value woman in many ways. Some parts of the book will reaffirm that you're on the right track; others will provide a new way of thinking to take you to the next level. Are you curious to find out how the high-value woman does it all? Then hit the buy button at the top of this page and start your high value woman journey right away!

Who are these under-represented populations? What creates them? And finally, why should there be concern about URPs in STEM? This book brings to light the crisis of a dearth of women, especially minority women, in STEM. The text highlights what has combined to create the perfect storm of impending economic stagnation, impoverished populations, diminished innovation, and lack of interest in choosing these fields. Can I Ask You a Question? What would life be like if you knew exactly how to attract women? If you could get the girls you've always wanted? If you could be a man women were sexually drawn to... would that change your life? Hi, my name is Zac Miller. In my many years here on earth I've had my share of experiences with women. And like most men, I wasn't born knowing what attracts women or what they want, but there came a point in my life where I was fed up and did something about it. Many men just say "women are crazy," and they leave it at that, not trying to understand them. I couldn't have that... While women are in fact crazy, I have put together a book which explains what they want, what attracts them to men, and how you can start attracting women. It's taken me many, many years, and many, many sleepless nights, but after all was said and done, I believe I have made the best book available when it comes teaching men everything it takes to successfully attract women. Here's What You'll Learn in This Book Chapter 1: Appearance - While it's been this way for many years, the advent of website profiles and dating apps has made a masculine appearance much more important for men in this day and age. Here I share with you the many ways you can

appear more attractive to women, as well the ideal body type women are looking for in a man (hint: it's not abs). Chapters 2 & 3: Attractive & Unattractive Qualities - Ever notice how women are attracted to jerks and "bad boys?" It's because they display many attractive qualities women desire. In these chapters, I share with you what exactly these qualities are, while also going over attributes you need to stay away from, which push women away. Chapter 4 & 5: Talking to Women - Next, we go over how to talk to women and connect with them, in turn attracting them to you. I show you how to approach girls, get their contact information, and how to conversant with them afterwards to secure a date. For every woman who "does it all" . . . except get a good night's sleep! More than 60 percent of American women have trouble sleeping— which isn't surprising, as they have a higher risk of developing sleeping problems. But addressing this issue is more nuanced for women than for men; pregnancy and menopause are just two factors that add complexity to an already difficult problem. At the risk of jeopardizing work, parenting, relationships, or overall health, no woman can afford to deal with sleep deprivation on her own. The Women's Guide to Overcoming Insomnia is a roadmap for those who experience anything from occasional bad nights to chronic insomnia. It outlines several methods to overcome these issues and improve physical and emotional well-being. From medical sleep aids to nonmedical approaches, the book looks beyond the basics of sleep hygiene, helping women to retrain their bodies and minds for a good night's sleep every night.
