This book is a complete study of practical hypnotism. It seeks to explain the science of hypnotism in a simple, straightforward and unambiguous language. The book makes an integral study of the acclaimed ideas and theories of the East. The western thinkers have heavily drawn upon the valuable contemplations of the Indian seers of yore. Having achieved a fine blending of the two strains of scholarship, the book has become a very reliable guide for all types of readership. Dr Shrimali is a widely acknowledged author and his expertise in these fields is beyond any doubt. The readers can immensely benefit from his wide experiences and deep insights. This study is not just academic, but it is equally relevant to all interested sections. The book is enriched with rare discussion of the Indian sadhans and siddhis. In many ways, it brings out the metaphysical findings of ancient Indian seers, and mendicants with firm authority. The study motivates scholars, young and old, to delve deeper into this science for greater accomplishments in life.

Dr. William Wesley Cook's Practical Lessons in Hypnotism was originally published in 1901, but this scholarly study is as relevant as it ever was. In spite of the skeptics, hypnotism has long been a psychological science that has earned the respect of many in the medical profession (notably, Sigmund Freud) and hypnotherapy is widely used in many treatment programs. Here, Cook approaches the subject in a constructive way, covering the history and philosophy of the science, as well as practical techniques and considerations. Most compelling are the studies of hypnotism's many applications, such as in self-healing, anesthesia, behavioral therapy, and even persuasion in the field of business. Cook's work also includes intellectual discussions on tangential and fascinating subjects such as telepathy, clairvoyance, and magnetic healing. Comprehensive and erudite, it promises satisfaction for the curious as well as the studious.

This is a step-by-step guide that teaches how to use rapid and instant inductions to hypnotize anyone. These inductions can be used for every hypnotist and situation including street hypnosis, stage hypnosis and clinical hypnotherapy.

CONFESSIONS OF A HYPNOTIST by Top Television & Media Hypnotist and International Celebrity Mind Therapist Dr. Jonathan Royle BSc is subtitled: "Everything You Ever Wanted To Know About Hypnosis But Were Afraid to Ask" and the title pretty much says it all. Hypnosis is a proven technique that allows people to reprogram their subconscious to change unwanted behaviors. Most books on self-hypnosis require the reader to memorize or record scripts, then put the book aside while they do their hypnosis work. But Instant Self-Hypnosis is the only self-hypnosis book that allows you to hypnotize yourself as you read, with your eyes wide open, without putting down the book. The author's fail-proof method allows you to put yourself into a hypnotic state and then use that state to improve your life in myriad ways. And because the hypnotic state is induced while you read, you remain aware of your surroundings and can bring yourself back to normal consciousness slowly and gently, using the instructions provided.

This book is written in terms that are comprehensible to the layman. The step-by-step instructions should afford the reader a means of acquiring self-hypnosis. The necessary material is here. The reader need only follow the instructions as they are given. It is the author's hope that you will, through the selective use of self-hypnosis, arrive at a more rewarding, well-adjusted, and fuller life.

Everything you always wanted to know about PRACTICAL HYPNOSIS but didn't know who to ask. About this book: If you only buy one book on hypnosis, you need to ... make it this one... 'Just make the purchase!' You won't need another. It is a complete, step by step, guide on how to master the art of instant, hypnotic inductions (in as little as one second), rapid inductions, conversational hypnosis and stage hypnosis, in one book. In this, the author has created an informative, inspirational and enjoyable read for those who wish to learn hypnosis. Within its pages you will find everything you need to know (and more) to begin practising hypnosis for fun or profit. Its coverage of conversational hypnosis provides the necessary theory to make every conversation you have with others hypnotic in its effect, sending subliminal messages that take the form of silent command that must be obeyed. This book is also an invaluable tool for the hypnotherapist wishing to up-grade their skills by learning instant or rapid inductions to get their clients in a state of deep trance in a fraction of the time taken by more progressive inductions, thereby increasing income or leaving more time for therapy in each session. This book describes tried and tested hypnotic methods that work, explaining the theory so you quickly learn how to hypnotise safely, with confidence and professionalism. Descriptions of hypnotic techniques are clear and easy to understand. It completely lifts the lid on the mystery of hypnosis, kept secret by a privileged few for centuries. It is a must have, no nonsense book for the serious and intelligent reader, forming a valuable reference for both student and professional alike. It does what it says on the cover, nothing is left out. Its concise and informative style explains even the most difficult concepts easily, packing the amount of information normally found in four or five books into one clear text without the padding, saving

hundreds of pounds otherwise spent purchasing light-weight resources. The book's direct approach gets you quickly to the core of the subject matter, which is laid out in chapter form, allowing the reader to dip into areas of interest without having to repeatedly read the whole. As a resource, it is as brilliant and useful as it is detailed and informative, making it essential reading for the would-be hypnotist as well as teachers, sales-men and other professionals. If you decide to buy this book you will need no other. 'Just make the purchase'!

Instant hypnosis the expose. Knowing that there are people out there who can hypnotise other people in a heartbeat even complete strangers off the street is fascinating, or at least it should be. This expose lets you into the secret of how it works and even how to do it. Other books will tell you most of what you want to know. This book exposes all! That's right how YOU could do it. Hypnosis is not a voodoo, magic, dark art practiced by devil worshipers. It is not a gift it is simply a skill that can be learned by anyone. In the book is: How stage hypnotists get people into a trance in seconds just by shaking their hand. How to make someone fall over and be in hypnosis before they reach the carpet. How hypnotists can steal your wallet. Understand how to get paid out on a losing ticket at a bookies. Send someone into a deep sleep just by clicking your fingers. What to say. How to get your timing just right. All these hypnosis routines are exposed in enough detail that even a complete amateur could use them in no time at all. If like most people who are interested in speed hypnosis you have read several books. Then adding this one to that collection is a must! If, like most people who have a genuine interest in instant hypnosis inductions, you have probably had your fill of all the usual unnecessary page filing extras then you need this book. Because this book Does NOT include: Pages and pages of the history of hypnosis. Chapter after chapter of NLP techniques. All the whys and wherefores of trance. Long introductions. Pre talks. Tons of progressive relaxation scripts. Therapy scripts. In fact this book assumes you have a brain. If you want to know how to use instant hypnosis then you are probably well versed in all the other facts about hypnosis the subconscious, critical factor and all the rest. You don't need it repeated here. Here we discuss instant and rapid hypnosis ONLY! Why make a book a two day read with unrelated mumbo jumbo, when it can be a two hour read about instant and rapid inductions and how to use them. This is the philosophy behind the book. If you want to read about franz mezmmer this is not the book for you. Have fun reading this and don't forget to leave feedback in the review section. Then and only then use the information contained and get hypnotizing. More books by Dario: Speed hypnosis for Therapy. Waking self hypnosis. Join the dots. Stories that heal. Body language exposed."
