ABOUT THE PALMISTRY BOOK I wrote this book from the knowledge I'd received as a result of reading numerous old palm-reading books. I especially liked the ones found in India. Also, I read palmistry books based on Egyptian and Chaldean knowledge. I added my own knowledge to the book too, born out of reading the palms of my clients. Because I have really lovely people ordering my services, they are happy to cooperate with me. Therefore, because of their willingness to talk about their personal lives, I've made some palmistry discoveries which I share in the book. PICTURE-RICH FOR EASY

UNDERSTANDING This book mixes old with the new. Though it's based on the ancient palmistry system, I use celebrity palm examples to illustrate many of the lines and hand shapes. I always found it frustrating that though the old palmistry books contain a wealth of information, they are often disorganized. For example, you discover palm illustrations pages after the appropriate lesson is given. So I tried to make my book as organized as possible, by providing an illustration after each explanation of the new line or mark. This book has several hundred illustrations of different palms, lines, and marks on hands. I tried to make the book as easy as possible to understand, therefore it contains many drawings. Read hands for fun with the Thunder Bay's Palmistry Box! Am I going to find love? Will I live a long and healthy life? What career should I choose? The answers to these questions and more are at your fingertips--literally! Based on the best-selling Book-in-a-Box kits, the Palmistry Book helps you learn palmistry with this fantastic system designed for beginners. Each line on the palm is shaded a different color in the book, so you can easily identify the line connected to the theme you are interested in, then find out what it means.

1935 Hand-Reading Made Easy - Illustrated. When this unique work was published the introduction was written by the incomparable Adrien Adolphe Desbarrolles, who devoted over fifty years to the intricate study of palmistry or chiromancy, as he preferred.

My purpose in writing this book is to try and explain how simple it is to learn the art of palmistry. There are simple rules around reading palms and I hope to make this book manageable enough for you to begin to use immediately. There are superstitions around palmistry. I am ignoring these and focussing on the practical. The purpose of palmistry is to bring to the open some issues preventing fulfilment, and to present possibilities for the future. I have read professionally for five years and have studied the hand over the past ten years. In this book I have brought together what I have learnt and combined it with the knowledge that I have gained from others in the field. I have also set out some tips and ideas around creating a Palmistry business. I hope this will be useful. Palmistry can be profitable. It can be fun. Mostly though, it is fascinating! I hope you enjoy this little book.

A comprehensive guide to the inner psychology revealed by the hand • Details how to interpret the entire hand--the shape of the palm and fingers, mounts, lines, fingerprints, flexibility, nails, and skin texture • Reveals the personality archetypes, strengths, and weaknesses connected with each of the seven mounts and how the rest of the hand modifies these traits • Explains how lines change and the decisive influence of the person's own mind in healing defects found on the lines Palmistry is a science and a universal language. The hand tells a story about your talents, relationships, health, and how you feel about yourself. It reveals periods of ease or challenge in your life, and it speaks about your weaknesses and the traits you need to develop. As you change, so do your hands, reflecting the progress you have made. In this comprehensive guide to hand reading, based on Ellen Goldberg's 40 years of teaching palmistry and the Western Mystery tradition, the authors make the powerful insights of the hand accessible in an inviting and user-friendly manner. The book presents the character traits and personality archetypes associated with each of the seven mounts of the palm and shows how to determine which are most influential in the nature of the individual. The mount archetypes reveal the lifestyle, love,sex, and marriage preferences; the best career choices; and the unique strengths and weaknesses for each person. The book also examines other factors that enhance the qualities revealed by the mount types, including the flexibility of the hand, texture of the skin, and the shapes of the fingers, fingertips, and nails. The meaning of each major and minor line is described in detail as well as the influence the person's own mind has in healing defects and obstacles found on their lines. The authors also provide accurate timing guides for each line, making it possible to locate specific events and to see how your

"One of the best, most practical guides for learning this ancient divination technique that's ever hit the market. THIS BOOK IS A MUST!" - Craig Browning In his new book, 'Speed Learning ~ Palm Readings In Your Own Words', Julian Moore teaches the basics of palmistry using proven techniques which mean that you could be reading palms in less than 48 hours! This ebook and ten accompanying FLASH CARDS can get you up to speed quicker than you ever thought imaginable, while still creating your own style and being true to yourself without having to pretend that you're a great showman or anything other than yourself. 'Speed Learning ~ Palm Readings In Your Own Words' shows you how to give REAL readings that CONNECT with people. Most people who decide to learn palmistry are easily put off when they first pick up a palmistry book, there's so much information and more often than not, no clear description of even what ORDER to read the different elements of the hand in. This is not like those other books. It teaches you a step-by-step way of reading people's palms that's almost impossible to forget, and as it encourages you to create YOUR OWN way of describing what the lines and fingers mean, the speed of learning is greatly increased. You're not just learning 'parrot style', you're creating your OWN versions of how to talk about the meanings of the hand, which makes them entirely memorable! REVIEWS "No hype...just plain good! You can't go wrong if you just DO what Julian describes. I've always shied away from palmistry because I thought the system was too complicated. Julian has changed all that. And, the memory cues are an added bonus. It just can't get any easier." - Nicholas "After reading Julian's book, and going through the flash cards a couple of times, I have a practical knowledge of palm reading that I didn't have 48 hours ago. My progress is clear and tangible. Today, I was able to improvise a palm reading session with one of my regular clients, and it went very well. I'm excited! That's why I'm writing this review, hoping that some of you also take advantage of this beautiful tool that Julian is sharing with us." - Enrique Enriquez - member of Kenton Knepper's S.E.C.R.E.T. school and co-author of the groundbreaking book 'Mind Reading' "A very useful tool for both learning and reviewing palmistry basics. For learning you have taken the concept of flash cards and made the cue cards much more of a memory exercise; thereby, challenging the mind to create rather than just repeat. For the pro you have given some interesting slants on certain traits that add further dimension and depth to a reading. The cards provide an excellent review tool for all practicing palmists as it allows them to review traits and characteristics that may not appear commonly in their practice." - Charles Green & Eugene Bourgal "An excellently laid out summation of the essence of palmistry, designed to teach you as you go along. I can certainly see how one can get this today and start giving mini-readings tomorrow night. Better yet, learn it all easily in a week and give real readings and be able to answer questions. This book actually teaches easily, speedily the essence of palmistry. Nice job. I'd recommend this to anyone starting out in the field. Well worth the money." - Tom Jorgenson OTHER KINDLE BOOKS IN THE SPEED LEARNING SERIES BY JULIAN MOORE Speed Learning: Graphology - The Art Of Handwriting Analysis Speed Learning: Cartomancy - A Playing Card Reading Primer Speed Learning: The James Bond Cold Reading
