The Billionaires Apprentice The Rise Of The Indian American Elite And The Fall Of The Galleon Hedge Fund

Animal House meets Liar's Poker in this hysterically funny, often unbelievable, and absolutely, positively true account of life at DLJ, one of the hottest investment banks on Wall Street. Extensively revised to reflect the dramatic shifts and consolidation of the financial markets, the seventh edition of this highly regarded book provides a clear and incisive guide to a complex world that even those who work in it often find hard to understand. With chapters on the markets that deal with money, foreign exchange, equities, bonds, commodities, financial futures, options and other derivatives, it looks at why these markets exist, how they work and who trades in them, and it gives a run-down of the factors that affect prices and rates. Business history is littered with disasters that occurred because people involved their firms with financial instruments they didn't properly understand. If they had had this book they might have avoided their mistakes. For anyone wishing to understand financial markets, there is no better guide.

****This is a COMPLETE BWWM Billionaire Romance Novel w/ fully developed characters, and NO Cliffhangers or pesky Misspellings****Kiara never saw this coming. "Award-winning business journalist Rana Foroohar shows how the shortsighted and misguided financial practices that nearly toppled the global economy in 2008 have come to infiltrate all corners of American business--putting us on a dangerous collision course to another economic meltdown that will make 2008 look like a mere blip in the business cycle"--

This full account of the partition of India and the transfer of power from England begins with the outbreak of war in 1939 and ends with the transfer itself in 1947. Originally published in 1957. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

"A propulsive narrative filled with boldfaced names from business and politics. At times, it is a dishy score settler."—The New York Times For nine years, Rajat Gupta led McKinsey & Co.—the first foreign-born person to head the world's most influential management consultancy. He was also the driving force behind major initiatives such as the Indian School of Business and the Public Health Foundation of India. A globally respected figure, he sat on the

Get Free The Billionaires Apprentice The Rise Of The Indian American Elite And The Fall Of The Galleon Hedge Fund

boards of distinguished philanthropic institutions such as the Gates Foundation and the Global Fund to Fight AIDS, Tuberculosis and Malaria, and corporations, including Goldman Sachs, American Airlines, and Procter & Gamble. In 2011, to the shock of the international business community, Gupta was arrested and charged with insider trading. Against the backdrop of public rage and recrimination that followed the financial crisis, he was found guilty and sentenced to two years in jail. Throughout his trial and imprisonment, Gupta has fought the charges and maintains his innocence to this day. In these pages, Gupta recalls his unlikely rise from orphan to immigrant to international icon as well as his dramatic fall from grace. He writes movingly about his childhood losses, reflects on the challenges he faced as a student and young executive in the United States, and offers a rare inside glimpse into the elite and secretive culture of McKinsey, “the Firm.” And for the first time, he tells his side of the story in the scandal that destroyed his career and reputation. Candid, compelling, and poignant, Gupta’s memoir is much more than a courtroom drama; it is an extraordinary tale of human resilience and personal growth.

A revelatory exploration of the hottest trend in technology and the dramatic impact it will have on the economy, science, and society at large. Which paint color is most likely to tell you that a used car is in good shape? How can officials identify the most dangerous New York City manholes before they explode? And how did Google searches predict the spread of the H1N1 flu outbreak? The key to answering these questions, and many more, is big data. “Big data” refers to our burgeoning ability to crunch vast collections of information, analyze it instantly, and draw sometimes profoundly surprising conclusions from it. This emerging science can translate myriad phenomena—from the price of airline tickets to the text of millions of books—into

Get Free The Billionaires Apprentice The Rise Of The Indian American Elite And The Fall Of The Galleon Hedge Fund

searchable form, and uses our increasing computing power to unearth epiphanies that we never could have seen before. A revolution on par with the Internet or perhaps even the printing press, big data will change the way we think about business, health, politics, education, and innovation in the years to come. It also poses fresh threats, from the inevitable end of privacy as we know it to the prospect of being penalized for things we haven't even done yet, based on big data's ability to predict our future behavior. In this brilliantly clear, often surprising work, two leading experts explain what big data is, how it will change our lives, and what we can do to protect ourselves from its hazards. Big Data is the first big book about the next big thing. www.big-data-book.com

NEW YORK TIMES BESTSELLER • A riveting, true-life legal thriller about the government's pursuit of billionaire hedge fund manager Steven Cohen and his employees at SAC Capital—a revelatory look at the power and wealth of Wall Street ONE OF THE BEST BOOKS OF THE YEAR—The New York Times and The Economist • “An essential exposé of our times—a work that reveals the deep rot in our financial system . . . Everyone should read this book.”—David Grann, author of Killers of the Flower Moon Steven A. Cohen changed Wall Street. He and his fellow pioneers of the hedge fund industry didn't lay railroads, build factories, or invent new technologies. Rather, they made their billions through financial speculation, by placing bets in the market that turned out to be right more often than not. Cohen was revered as one of the greatest traders who ever lived. But that image was shattered when his fund, SAC Capital, became the target of a seven-year government investigation. Prosecutors labeled SAC a “magnet for market cheaters” whose culture encouraged the relentless pursuit of “edge”—and even “black edge,” which is inside information—and the firm was ultimately indicted and

Get Free The Billionaires Apprentice The Rise Of The Indian American Elite And The Fall Of The Galleon Hedge Fund

pleaded guilty to charges related to a vast insider trading scheme. Cohen, himself, however, was never charged. Black Edge raises urgent and troubling questions about those who sit at the pinnacle of high finance and how they have reshaped the economy. Finalist for the New York Public Library's Helen Bernstein Book Award for Excellence in Journalism • Longlisted for the Andrew Carnegie Medal for Excellence in Nonfiction and the Financial Times and McKinsey Business Book of the Year Award

From the daughter of business mogul Donald Trump and a rising star in the Trump organization, this New York Times bestseller is a business book for young women on how to achieve success in any field, based upon what Ivanka Trump has learned from her father and from her own experiences. Inspiration. Success. Confidence. Passion. No one is born with these qualities, but they are the key ingredients for reaching goals, building careers, or taking a blueprint and turning it into a breathtaking skyscraper. In *The Trump Card*, Ivanka Trump recounts the compelling story of her upbringing as the ultimate Apprentice, the daughter of Donald and Ivana Trump, and shares the life lessons and hard-won insights that have made her a rising star in the business world. Whether it's landing that first job, navigating the workplace, or making a lasting impact, Ivanka's valuable, practical advice for young women shows how to:

- Use uncertainty to your advantage—thrive in any environment
- Step up and get noticed at work—focus and efficiency will open doors
- Create a strong and consistent identity—your name and reputation are your best assets
- Know what you want—get the most out of any negotiation.

Ivanka also taps into the wisdom of today's leaders, including Arianna Huffington, Russell Simmons, and Cathie Black, with "Bulletins" from her BlackBerry. "We've all been dealt a winning hand," she writes, "and it is up to each of us to play it right and

Get Free The Billionaires Apprentice The Rise Of The Indian American Elite And The Fall Of The Galleon Hedge Fund

smart.”

“A page-turning cops and robbers story set against the backdrops of Silicon Valley and Wall Street.” – Adam Lashinsky, bestselling author of *Inside Apple: How America's Most Admired-and Secretive-Company Really Works*

In 1997, Charles Frazier’s debut novel *Cold Mountain* made publishing history when it sailed to the top of *The New York Times* best-seller list for sixty-one weeks, won numerous literary awards, including the National Book Award, and went on to sell over three million copies. Now, the beloved American epic returns, reissued by Grove Press to coincide with the publication of Frazier’s eagerly-anticipated second novel, *Thirteen Moons*. Sorely wounded and fatally disillusioned in the fighting at Petersburg, a Confederate soldier named Inman decides to walk back to his home in the Blue Ridge mountains to Ada, the woman he loves. His trek across the disintegrating South brings him into intimate and sometimes lethal converse with slaves and marauders, bounty hunters and witches, both helpful and malign. At the same time, the intrepid Ada is trying to revive her father’s derelict farm and learning to survive in a world where the old certainties have been swept away. As it interweaves their stories, *Cold Mountain* asserts itself as an authentic odyssey, hugely powerful, majestically lovely, and keenly moving.

BILLIONAIRE ROMANCE Anna McCallister loves her billionaire real estate tycoon boss, Henry Reid, with all her heart. She loves his kindness, his innovation, his endless optimism, and his sense of humor. Not to mention the fantasies she has about him day and night. But shy, gentle Anna wouldn't dream of approaching him with her desires. She has convinced herself that he could never be interested in her, but takes every opportunity she can to be with him. On Christmas Eve, she gladly goes with him on a visit to a Catskills farmhouse that his company just completed rebuilding. There, they plan to tour the place, finish up with the construction team, and have a nice dinner with one of Henry's friends. Henry left off dating a few years ago after a horrible breakup led to his being stalked by his ex. He claims to be "picky", leaving Anna to feel that she has no chance. But when Henry's dour but attractive foreman, James Thompson, flirts with Anna openly in front of him, Henry reacts with obvious jealousy. Unfortunately this leads to his ignoring James when the man tries to warn him that a powerful snowstorm is bearing down on them. Later that night, before the pair can leave, the snowstorm hits, trapping them inside the farmhouse with only a few supplies. They have two days before they run out of the means to heat the farmhouse in the freezing weather. In the deepening cold, they share a bed for warmth...and Anna's longing catches fire when she finds herself in Henry's

Get Free The Billionaires Apprentice The Rise Of The Indian American Elite And The Fall Of The Galleon Hedge Fund

sleepy embrace.

Sarah has spent her whole life fighting against her father's wishes. She doesn't care about his old beliefs and traditions; she just wants to go to college. Sarah's determined to do something with her life that doesn't involve baking pies and being a good wife, and she's convinced that with enough hard work, she'll manage it all. That is, until she gets put on a class assignment with Robert Hasting who seems intent on causing trouble in her life in more ways than one. Robert is sick of his father telling him what to do and who to date. When he leaves for college, he promises himself that he's finally going to have some fun. That is, until he meets Sarah. She's everything that Robert has ever wanted, but can he make her notice him when all she seems to care about is coursework? In life you never get what you deserve. You get what you negotiate. A business empire worth ten billion dollars. This is the tantalizing offer made by Vinay Mohan Acharya, one of India's richest men, to Sapna Sinha, a simple salesgirl in an electronics store in downtown Delhi. She can be the next CEO of his incredibly huge and profitable company. There is only one catch—she needs to pass seven tests from the "textbook of life." Thus begins the most challenging journey Sapna has ever undertaken, one that will take her from her swanky showroom to the heat and dust of India's backstreets and villages. Along the way she encounters

Get Free The Billionaires Apprentice The Rise Of The Indian American Elite And The Fall Of The Galleon Hedge Fund

a host of memorable personalities, from a vain Bollywood superstar to a kleptomaniac Gandhian. But are the seven tests real or is Acharya playing a game driven by a perverse fantasy? Vikas Swarup, acclaimed author of *Slumdog Millionaire* and *Six Suspects*, has written a compelling, suspenseful tale about the lure of money and the power of dreams. *The Accidental Apprentice* is international crime fiction at its most entertaining.

The Billionaire's Apprentice
The Rise of The Indian-American Elite
The Fall of The Galleon Hedge Fund
Grand Central Publishing

"For more than three decades, Ben & Jerry's has been committed to an insanely ambitious three-part mission: not just making the world's best ice cream but also supporting progressive causes and sharing its success with all stakeholders--employees, suppliers, distributors, customers, cows, everybody. Living up to these beliefs is fun when you're doing it right, and it creates amazingly loyal customers, but it isn't easy. This is the first book to tell the full, inside story of the inspiring rise, tragic mistakes, devastating fall, determined recovery, and ongoing renewal of one of the most iconic mission-driven companies in the world. No previous book has focused so intently on the challenges presented by staying true to the mission as the business grew. No other book has explained how the company came to be sold to Unilever, one of

Get Free The Billionaires Apprentice The Rise Of The Indian American Elite And The Fall Of The Galleon Hedge Fund

the world's biggest corporations. And none has described the unprecedented contract Ben & Jerry's negotiated with Unilever to preserve the three-part mission or the complex working relationship that has allowed the company to pursue that mission on a much larger stage. Brad Edmondson tells the story with a journalist's eye for details, dramatic moments, and memorable characters. Among the dozens of key figures Edmondson interviewed, his most important source was Jeff Furman, who helped Ben and Jerry write their first business plan in 1978 and has stayed involved ever since, serving as chairman of the board since 2010. It's a funny, sad, surprising, and ultimately hopeful story."--Publisher's description.

To Londoners, the years 1840 to 1870 were years of dramatic change and achievement. As suburbs expanded and roads multiplied, London was ripped apart to build railway lines and stations and life-saving sewers. The Thames was contained by embankments, and traffic congestion was eased by the first underground railway in the world. A start was made on providing housing for the "deserving poor." There were significant advances in medicine, and the Ragged Schools are perhaps the least known of Victorian achievements, in those last decades before universal state education. In 1851 the Great Exhibition managed to astonish almost everyone, attracting exhibitors and visitors from all over the

Get Free The Billionaires Apprentice The Rise Of The Indian American Elite And The Fall Of The Galleon Hedge Fund

world. But there was also appalling poverty and exploitation, exposed by Henry Mayhew and others. For the laboring classes, pay was pitifully low, the hours long, and job security nonexistent. Liza Picard shows us the physical reality of daily life in Victorian London. She takes us into schools and prisons, churches and cemeteries. Many practical innovations of the time—flushing lavatories, underground railways, umbrellas, letter boxes, driving on the left—point the way forward. But this was also, at least until the 1850s, a city of cholera outbreaks, transportation to Australia, public executions, and the workhouse, where children could be sold by their parents for as little as £12 and streetpeddlers sold sparrows for a penny, tied by the leg for children to play with. Cruelty and hypocrisy flourished alongside invention, industry, and philanthropy.

Bennie Rosato is fighting the battle of her life -- against her own twin. The action starts innocently enough, with a stolen wallet, but in no time events escalate and the twin wreaks havoc that can be created only by a dead ringer. Her twin tries to destroy Bennie's law firm, Rosato & Associates, and then strikes at her very heart -- which just happens to be otherwise engaged by a handsome, hunky stranger with the perfect amount of chest hair. But when a brutal murder occurs, Bennie realizes that the stakes have turned deadly. And the face of evil looks like her own.

Get Free The Billionaires Apprentice The Rise Of The Indian American Elite And The Fall Of The Galleon Hedge Fund

Describes the 1985 purchase of a bottle of 1787 Châteaux Lafite Bordeaux for \$156,000, the mysterious background of the wine, and the enigmatic wine collector who discovered the bottle, once supposedly owned by Thomas Jefferson, in a bricked-up Paris cellar.

"Exposes the unjust and dysfunctional mechanisms that allow the top 1% to siphon off wealth produced by others, through the control of property and money." --Back Cover.

GENRE: CONTEMPORARY ROMANCE
Book 1: Falling for the Billionaire
Tiffany has left home with her best friend, Jackie, to pursue their dreams of becoming a model. The only thing they want in life is to make it in the competitive world of fashion. Yet Tiffany holds a secret close to her sleeve that may ruin her chances at ever making it. At a fashion party, her secret is put to the test when she meets Liam Cunningham. Having attended high school with him, he's the only one who could tell everyone her secret and ruin her shot at modeling. Things get complicated when Tiffany, instead of running from Liam, ends up getting closer to him. It grows even more complicated when she discovers that Liam is a billionaire businessman with an international company. As Tiffany attempts to navigate the modeling world, her new waitressing job and her feelings for Liam, she discovers that not everything is as it seems. When Liam's jealous girlfriend sets her sights on Tiffany, she finds she must hold in for the ride of her life. Will Tiffany be able to work through the perils of loving a billionaire and sort out her feelings? Or will Liam's girlfriend bring it all crashing to the ground?
Book 2: Taking the Risk
Things get complicated when Tiffany, a waitress and aspiring model, falls for Liam, a billionaire businessman. When Tiffany and Liam get into a fight, she vows him off forever but discovers that making promises to herself in regards to him are a lot harder to keep than she thought. Can the two of them make it work even though they are from different worlds or does

Get Free The Billionaires Apprentice The Rise Of The Indian American Elite And The Fall Of The Galleon Hedge Fund

Tiffany have her head in the clouds? After a tender moment with Liam at a charity event leads to an invite to his birthday party, Tiffany finds herself face to face with Liam's billions. Even though it overwhelms her, Tiffany knows she must make a choice to either be with Liam or give up her feelings on him. After deciding that she will put up with whatever she needs to in order to be happy with Liam, Tiffany is shortly put to the test. Liam's ex-girlfriend still has her sights on Tiffany and will do anything she can to get Liam back. But when Tiffany is betrayed by someone whom she thought was her closest confidant, will she be able to bounce back? Is being with a billionaire worth all of the hassle after all? Book 3: Making It Work With Tiffany's secret out and in the open, she finds her chances at being a model quickly fading away. She goes to Liam for comfort but only finds more strife there. Liam's now ex-girlfriend is out for blood and will ruin his company if it means she doesn't get to have him. Torn between two worlds, Tiffany tries to tell herself that Liam will weather any storm that comes her way. But when it becomes clear that Liam wants the best of both worlds as well, Tiffany finds herself on her own, trying to make her life on her own terms. As she struggles to work hard and break into the modeling industry even with her secret out in the open, Tiffany finds it isn't that easy to get over a billionaire lover. She wants nothing more than to be back with Liam and head off into the sunset together. Yet Tiffany knows she must work on her personal growth first. Tiffany isn't sure if things will ever work out the way she has planned them. After a string of bad luck, will she ever get her happy ending? Or will Tiffany end up alone, pining for Liam for the rest of her life?

With the revelation and capture of the killer creature; Charles, Elsa and the other survivors anticipate leaving the island and putting their deadly and terrifying vacation behind them. In an

Get Free The Billionaires Apprentice The Rise Of The Indian American Elite And The Fall Of The Galleon Hedge Fund

unfortunate incidence, the cunning creature escapes, sets out for vengeance and blood. The group is once again thrown in to a frenzied fight for their lives. The killings resume, and it is left up to Charles to remove the deadly threat to them all once and for all. He and Elsa's relationship has escalated; and as he prepares for battle, he is determined to survive to be with his one true love. In a final confrontation between Charles and the creature, a startling secret is revealed about Elsa's past; one that will change the couples lives forever, if they survive. The final battle ensues. Will Charles be the hero? Or will he and Elsa's love affair end on the island, along with their lives?

The Billionaires Temptations Book 4 How can he be that damn good looking? Seriously, Orlando is my perfect toy-boy... but I think I'm actually falling for him. Hard. There hasn't been much time for play lately because the dreaded enemy, "The Kingmaker" is still out there, somewhere. The lives of the others are involved now, more than ever. I'll need to use my gut instinct on this one. Looks like there's going to be some new things coming... another club, a perfectly timed murder, and some hot, hot, hot male dancing. Oh, then there's the clown thing. That's making everything worthwhile... you gotta love that kind of fun, even through all of the drama. But how will I get away from all the problems unscathed? It seems that everyone might be in the firing line, especially if things don't go precisely as planned. But when I'm not the target... I'm gonna look for my own kinda trouble with my toy-boy... the Italian stallion that wants just me... I'm his Thirsty Thursday girl... his naughty, cheeky addiction. God yeah! Winner of the Lillian Smith Book Award Winner of the Los Angeles Times Book Prize Finalist for the National Book Award The Nation's "Most Valuable Book" "[A] vibrant intellectual history of the radical right."—The Atlantic "This sixty-year campaign to make libertarianism mainstream

Get Free The Billionaires Apprentice The Rise Of The Indian American Elite And The Fall Of The Galleon Hedge Fund

and eventually take the government itself is at the heart of Democracy in Chains. . . . If you're worried about what all this means for America's future, you should be.”—NPR An explosive exposé of the right’s relentless campaign to eliminate unions, suppress voting, privatize public education, stop action on climate change, and alter the Constitution. Behind today’s headlines of billionaires taking over our government is a secretive political establishment with long, deep, and troubling roots. The capitalist radical right has been working not simply to change who rules, but to fundamentally alter the rules of democratic governance. But billionaires did not launch this movement; a white intellectual in the embattled Jim Crow South did. Democracy in Chains names its true architect—the Nobel Prize-winning political economist James McGill Buchanan—and dissects the operation he and his colleagues designed over six decades to alter every branch of government to disempower the majority. In a brilliant and engrossing narrative, Nancy MacLean shows how Buchanan forged his ideas about government in a last gasp attempt to preserve the white elite’s power in the wake of *Brown v. Board of Education*. In response to the widening of American democracy, he developed a brilliant, if diabolical, plan to undermine the ability of the majority to use its numbers to level the playing field between the rich and powerful and the rest of us. Corporate donors and their right-wing foundations were only too eager to support Buchanan’s work in teaching others how to divide America into “makers” and “takers.” And when a multibillionaire on a messianic mission to rewrite the social contract of the modern world, Charles Koch, discovered Buchanan, he created a vast, relentless, and multi-armed machine to carry out Buchanan’s strategy. Without Buchanan's ideas and Koch's money, the libertarian right would not have succeeded in its stealth takeover of the Republican Party as a delivery mechanism. Now, with Mike Pence as Vice President,

Get Free The Billionaires Apprentice The Rise Of The Indian American Elite And The Fall Of The Galleon Hedge Fund

the cause has a longtime loyalist in the White House, not to mention a phalanx of Republicans in the House, the Senate, a majority of state governments, and the courts, all carrying out the plan. That plan includes harsher laws to undermine unions, privatizing everything from schools to health care and Social Security, and keeping as many of us as possible from voting. Based on ten years of unique research, *Democracy in Chains* tells a chilling story of right-wing academics and big money run amok. This revelatory work of scholarship is also a call to arms to protect the achievements of twentieth-century American self-government.

A #1 bestseller from coast to coast, *Den of Thieves* tells the full story of the insider-trading scandal that nearly destroyed Wall Street, the men who pulled it off, and the chase that finally brought them to justice. Pulitzer Prize–winner James B. Stewart shows for the first time how four of the eighties’ biggest names on Wall Street—Michael Milken, Ivan Boesky, Martin Siegel, and Dennis Levine —created the greatest insider-trading ring in financial history and almost walked away with billions, until a team of downtrodden detectives triumphed over some of America’s most expensive lawyers to bring this powerful quartet to justice. Based on secret grand jury transcripts, interviews, and actual trading records, and containing explosive new revelations about Michael Milken and Ivan Boesky written especially for this paperback edition, *Den of Thieves* weaves all the facts into an unforgettable narrative—a portrait of human nature, big business, and crime of unparalleled proportions.

Although he was a suburban husband and father, living a far different life than the “Wolf of Wall Street,” Michael Kimelman had a good run as the cofounder of a hedge fund. He had left a cushy yet suffocating job at a law firm to try his hand at the high-risk life of a proprietary trader — and he did pretty well for himself. But it all came crashing down in the wee hours of

Get Free The Billionaires Apprentice The Rise Of The Indian American Elite And The Fall Of The Galleon Hedge Fund

November 5, 2009, when the Feds came to his door—almost taking the door off its hinges. While his wife and children were sequestered to a bedroom, Kimelman was marched off in embarrassment in view of his neighbors and TV crews who had been alerted in advance. He was arrested as part of a huge insider trading case, and while he was offered a “sweetheart” no-jail probation plea, he refused, maintaining his innocence. The lion’s share of *Confessions of a Wall Street Insider* was written while Kimelman was an inmate at Lewisburg Penitentiary. In nearly two years behind bars, he reflected on his experiences before incarceration—rubbing elbows and throwing back far too many cocktails with financial titans and major figures in sports and entertainment (including Leonardo DiCaprio, Alex Rodriguez, Ben Bernanke, and Alan Greenspan, to drop a few names); making and losing hundreds of thousands of dollars in daily gambles on the Street; getting involved with the wrong people, who eventually turned on him; realizing that none of that mattered in the end. As he writes: “Stripped of family, friends, time, and humanity, if there’s ever a place to give one pause, it’s prison . . . Tomorrow is promised to no one.” In *Confessions of a Wall Street Insider*, he reveals the triumphs, pains, and struggles, and how, in the end, it just might have made him a better person. Skyhorse Publishing, along with our Arcade, Good Books, Sports Publishing, and Yucca imprints, is proud to publish a broad range of biographies, autobiographies, and memoirs. Our list includes biographies on well-known historical figures like Benjamin Franklin, Nelson Mandela, and Alexander Graham Bell, as well as villains from history, such as Heinrich Himmler, John Wayne Gacy, and O. J. Simpson. We have also published survivor stories of World War II, memoirs about overcoming adversity, first-hand tales of adventure, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are

Get Free The Billionaires Apprentice The Rise Of The Indian American Elite And The Fall Of The Galleon Hedge Fund

committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

When seventh-grader Jake McQuade mistakes the world's first ingestible knowledge pills for jelly beans, he suddenly knows all about physics and geometry and can speak Swahili (though Spanish would be a lot more useful)--but his sort-of girlfriend Grace thinks they can use his new found brilliance to save their middle school from the new principal, who is conspiring to get it shut down.

On June 1, 2001, the heir to the Nepalese throne, Crown Prince Dipendra, donned military fatigues, armed himself with automatic weapons, walked in on a quiet family gathering, and, without a word, mowed his family down before turning a gun on himself. But Dipendra did not die immediately, and while lying in a coma was declared king. He was now a living god. Award-winning journalists Amy Willesee and Mark Whittaker set out to understand what could have led to such a devastating tragedy, one that fascinated and appalled the world. Exploring Kathmandu and other parts of the kingdom, they conducted exhaustive interviews with everyone from Maoist guerillas to members and friends of the royal family, gaining insight into the people involved in and the events behind the massacre. At the heart of the story is the love affair between Dipendra and the beautiful aristocrat Devyani Rana, whom he was forbidden to marry. Culminating their portrait of Nepal is a chilling reconstruction of the events of that fatal day. As

Get Free The Billionaires Apprentice The Rise Of The Indian American Elite And The Fall Of The Galleon Hedge Fund

conspiracy theories circulate and rebels threaten to topple the monarchy, the future of this small Himalayan kingdom promises to be as tumultuous as its past. Revealing a country where the twenty-first century mingles uneasily with the fourteenth, *Love and Death in Kathmandu* is both an enlightening portrait of a place that is a world apart and a riveting investigation of an incredible crime. Trying to get his bearings on an unfamiliar street and not paying attention, Jeremy slams his brakes to avoid hitting the most beautiful bride he has ever seen. When Danielle climbs in his truck, he assumes she's in a hurry to get to her wedding; he didn't realize she was escaping one. He agrees to let her return to his apartment so she can call for help, only she refuses to leave. As the days pass, Jeremy finds it harder to fight off her passes and claims of falling in love with him. Besides having almost ten years on her, Jeremy discovers the family secret she had been trying to hide. How could the daughter of a billionaire settle for a plumber living paycheck to paycheck? Despite every tactic her father throws at her and an ex-fiancé who refuses to let her go, Dani stakes her claim to the only thing she has ever truly wanted in her life and fights to make Jeremy hers. One of the most remarkable stories of immigration in the last half century is that of Indians to the United States. People of Indian origin make up a little over one percent of the American population now, up from barely half a percent at the turn

Get Free The Billionaires Apprentice The Rise Of The Indian American Elite And The Fall Of The Galleon Hedge Fund

of the millennium. Not only has its recent growth been extraordinary, but this population from a developing nation with low human capital is now the most-educated and highest-income group in the world's most advanced nation. The Other One Percent is a careful, data-driven, and comprehensive account of the three core processes - selection, assimilation, and entrepreneurship - that have led to this rapid rise. This unique phenomenon is driven by - and, in turn, has influenced - wide-ranging changes, especially the ongoing revolution in information technology and its impact on economic globalization, immigration policies in the U.S., higher education policies in India, and foreign policies of both nations. If the overall picture is one of economic success, the details reveal the critical issues faced by the immigrants stemming from the social, linguistic, and class structure in India, the professional and geographic distribution in the U.S., the simultaneous expressions of pan-Indian and regional identities and simultaneous leadership in high-skill industries (like computers and medicine) and low-skill industries (like hospitality and retail trade), and the multi-generational challenges of a diverse group from the world's largest democracy fitting into its oldest.

Just as WASPs, Irish-Catholics and Our Crowd Jews once made the ascent from immigrants to powerbrokers, it is now the Indian-American's turn. Citigroup,

Get Free The Billionaires Apprentice The Rise Of The Indian American Elite And The Fall Of The Galleon Hedge Fund

PepsiCo and Mastercard are just a handful of the Fortune 500 companies led by a group known as the "Twice Blessed." Yet little is known about how these Indian emigres (and children of emigres) rose through the ranks. Until now... The collapse of the Galleon Group--a hedge fund that managed more than \$7 billion in assets--from criminal charges of insider trading was a sensational case that pitted prosecutor Preet Bharara, himself the son of Indian immigrants, against the best and brightest of the South Asian business community. At the center of the case was self-described King of Kings, Galleon's founder Raj Rajaratnam, a Sri-Lankan-born, Wharton-educated billionaire. But the most shocking allegation was that the éminence grise of Indian business, Rajat Gupta, was Rajaratnam's accomplice and mole. If not for Gupta's nose-to-the-grindstone rise to head up McKinsey & Co and a position on the Goldman Sachs board, men like Rajaratnam would have never made it to the top of America's moneyed elite. Author Anita Raghavan criss-crosses the globe from Wall Street boardrooms to Delhi's Indian Institute of Technology as she uncovers the secrets of this subculture--an incredible tale of triumph, temptation and tragedy. The authoritative account of the rise of Amazon and its intensely driven founder, Jeff Bezos, praised by the Seattle Times as "the definitive account of how a tech icon came to life." Amazon.com started off delivering books through the mail. But

Get Free The Billionaires Apprentice The Rise Of The Indian American Elite And The Fall Of The Galleon Hedge Fund

its visionary founder, Jeff Bezos, wasn't content with being a bookseller. He wanted Amazon to become the everything store, offering limitless selection and seductive convenience at disruptively low prices. To do so, he developed a corporate culture of relentless ambition and secrecy that's never been cracked. Until now. Brad Stone enjoyed unprecedented access to current and former Amazon employees and Bezos family members, giving readers the first in-depth, fly-on-the-wall account of life at Amazon. Compared to tech's other elite innovators -- Jobs, Gates, Zuckerberg -- Bezos is a private man. But he stands out for his restless pursuit of new markets, leading Amazon into risky new ventures like the Kindle and cloud computing, and transforming retail in the same way Henry Ford revolutionized manufacturing. The Everything Store is the revealing, definitive biography of the company that placed one of the first and largest bets on the Internet and forever changed the way we shop and read. A #1 New York Times Bestseller! "I read it cover-to-cover. I did not intend to, but I started at the beginning and didn't put it down until it was over."—Rachel Maddow, MSNBC This book almost didn't see the light of day as government officials tried to bar its publication. The Inside Story of the Real President Trump, by His Former Attorney and Personal Advisor—The Man Who Helped Get Him Into the Oval Office Once Donald Trump's fiercest surrogate, closest confidant,

Get Free The Billionaires Apprentice The Rise Of The Indian American Elite And The Fall Of The Galleon Hedge Fund

and staunchest defender, Michael Cohen knows where the skeletons are buried. This is the most devastating business and political horror story of the century. As Trump's lawyer and "fixer," Cohen not only witnessed firsthand but was also an active participant in the inner workings of Trump's business empire, political campaign, and presidential administration. This is a story that you have not read in newspapers, or on social media, or watched on television. These are accounts that only someone who worked for Trump around the clock for over a decade—not a few months or even a couple of years—could know. Cohen describes Trump's racist rants against President Barack Obama, Nelson Mandela, and Black and Hispanic people in general, as well as the cruelty, humiliation, and abuse he leveled at family and staff. Whether he's exposing the fact that Trump engaged in tax fraud by inflating his wealth or electronic fraud by rigging an online survey, or outing Trump's Neanderthal views towards women or his hush-money payments to clandestine lovers, Cohen pulls no punches. He shows Trump's relentless willingness to lie, exaggerate, mislead, or manipulate. Trump emerges as a man without a soul—a man who courts evangelicals and then trashes them, panders to the common man, but then rips off small business owners, a con man who will do or say absolutely anything to win, regardless of the cost to his family, his associates, or his country. At the heart of *Disloyal*, we see how Cohen came

Get Free The Billionaires Apprentice The Rise Of The Indian American Elite And The Fall Of The Galleon Hedge Fund

under the spell of his charismatic "Boss" and, as a result, lost all sense of his moral compass. The real "real" Donald Trump who permeates these pages—the racist, sexist, homophobic, lying, cheating President—will be discussed, written about, and analyzed for years to come.

From Wall Street Journal Bestselling author Brad Sugars Turn on the cashflow and keep your business booming! Keeping the faucet of cash flowing into your business can be a daunting task. Rising costs, payroll and unplanned expenses take cash out of your business every day, but what helps bring cash in at a faster rate? This Guide to Cashflow teaches you how to: Generate hundreds of qualified leads; Get better conversion sale rates; Ensure your average sale increases; Refine your approach and measure your results.

NEW YORK TIMES BESTSELLER • The first comprehensive account of the epoch-making Six-Day War, from the author of *Ally*—now featuring a fiftieth-anniversary retrospective Though it lasted for only six tense days in June, the

Get Free The Billionaires Apprentice The Rise Of The Indian American Elite And The Fall Of The Galleon Hedge Fund

1967 Arab-Israeli war never really ended. Every crisis that has ripped through this region in the ensuing decades, from the Yom Kippur War of 1973 to the ongoing intifada, is a direct consequence of those six days of fighting. Writing with a novelist's command of narrative and a historian's grasp of fact and motive, Michael B. Oren reconstructs both the lightning-fast action on the battlefields and the political shocks that electrified the world. Extraordinary personalities—Moshe Dayan and Gamal Abdul Nasser, Lyndon Johnson and Alexei Kosygin—rose and toppled from power as a result of this war; borders were redrawn; daring strategies brilliantly succeeded or disastrously failed in a matter of hours. And the balance of power changed—in the Middle East and in the world. A towering work of history and an enthralling human narrative, *Six Days of War* is the most important book on the Middle East conflict to appear in a generation. Praise for *Six Days of War* “Powerful . . . A highly readable, even gripping account of the 1967 conflict . . . [Oren] has woven a seamless narrative out of a staggering variety of diplomatic and military strands.”—*The New York Times* “With a remarkably assured style, Oren elucidates nearly every aspect of the conflict. . . . Oren's [book] will remain the authoritative chronicle of the war. His achievement as a writer and a historian is awesome.”—*The Atlantic Monthly* “This is not only the best book so far written on the six-day war, it is likely to remain the

best.”—The Washington Post Book World “Phenomenal . . . breathtaking history . . . a profoundly talented writer. . . . This book is not only one of the best books on this critical episode in Middle East history; it’s one of the best-written books I’ve read this year, in any genre.”—The Jerusalem Post “[In] Michael Oren’s richly detailed and lucid account, the familiar story is thrilling once again. . . . What makes this book important is the breadth and depth of the research.”—The New York Times Book Review “A first-rate new account of the conflict.”—The Washington Post “The definitive history of the Six-Day War . . . [Oren’s] narrative is precise but written with great literary flair. In no one else’s study is there more understanding or more surprise.”—Martin Peretz, Publisher, The New Republic “Compelling, perhaps even vital, reading.”—San Jose Mercury News

A colorful and revealing portrait of the rise of India’s new billionaire class in a radically unequal society India is the world’s largest democracy, with more than one billion people and an economy expanding faster than China’s. But the rewards of this growth have been far from evenly shared, and the country’s top 1% now own nearly 60% of its wealth. In megacities like Mumbai, where half the population live in slums, the extraordinary riches of India’s new dynasties echo the Vanderbilts and Rockefellers of America’s Gilded Age, funneling profits from huge conglomerates into lifestyles of conspicuous consumption. James

Crabtree's *The Billionaire Raj* takes readers on a personal journey to meet these reclusive billionaires, fugitive tycoons, and shadowy political power brokers. From the sky terrace of the world's most expensive home to impoverished villages and mass political rallies, Crabtree dramatizes the battle between crony capitalists and economic reformers, revealing a tense struggle between equality and privilege playing out against a combustible backdrop of aspiration, class, and caste. *The Billionaire Raj* is a vivid account of a divided society on the cusp of transformation—and a struggle that will shape not just India's future, but the world's.

His Woman. His Family. His Company. When the going gets tough, the tough get Alpha. Silicon Valley billionaire CEO Gabriel Betts has finally found the happiness he's been searching for—in gorgeous, brilliant fellow billionaire Lauren Taylor, the so-called reigning queen of the biotech industry. But when Chinese healthcare mogul Li Na Zhao kidnaps Lauren's sister in a high-stakes game of corporate espionage, the world they've worked so hard to protect comes crashing down. Li Na agrees to trade Hannah for Lauren's Paragon Laboratories and her help—onsite and in person. In an attempt to keep Lauren safe, Gabe calls in his security-industry professional brothers to help get Hannah back. But when the rescue effort stumbles, Gabe must pick up the pieces to protect the woman he loves...before she makes the ultimate sacrifice.

The inside story of a case that illustrates the horrific perils of unchecked prosecutorial

Get Free The Billionaires Apprentice The Rise Of The Indian American Elite And The Fall Of The Galleon Hedge Fund

overreach, written by the man who experienced it firsthand. Raj Rajaratnam, the respected founder of the iconic hedge fund Galleon Group, which managed \$7 billion and employed 180 people in its heyday, chose to go to trial rather than concede to a false narrative concocted by ambitious prosecutors looking for a scapegoat for the 2008 financial crisis. Naively perhaps, Rajaratnam had expected to get a fair hearing in court. As an immigrant who had achieved tremendous success in his adopted country, he trusted the system. He had not anticipated prosecutorial overreach—inspired by political ambition—FBI fabrications, judicial compliance, and lies told under oath by cooperating witnesses. In the end, Rajaratnam was convicted and sentenced to eleven years in prison. He served seven and a half. Meanwhile, not a single senior bank executive responsible for the financial crisis was even charged. *Uneven Justice* is the story of his bewildering and confounding prosecution by forces who, quite frankly, were looking for bigger game. When Rajaratnam refused to support the narrative that would make that happen, he and the Galleon Group became collateral damage. A cautionary tale with implications for us all, *Uneven Justice* is both a riveting page-turner and an eye-opening lesson in the vagaries of justice when an unscrupulous prosecutor is calling the shots.

The extensively researched biography that goes beyond the hype to “separate Trump the reality from Trump the reality show” (USA Today). Now with a new introduction by the author, this entertaining look inside the world of Donald Trump is chock full of rip-roaring anecdotes, jaw-dropping quotes, and rigorous research into the business deals, political antics, curious relationships, and complex background of the forty-fifth US president. Granted unprecedented access, Timothy L. O’Brien traveled across the country and up and down the East Coast with Trump on his private jet, wheeled around Palm Beach with him in his Ferrari, and spent hours

Get Free The Billionaires Apprentice The Rise Of The Indian American Elite And The Fall Of The Galleon Hedge Fund

interviewing him in his home, in his office, and on the golf course. He met with the entrepreneur's closest friends and most aggressive rivals, while compiling a treasure trove of Trumpisms from the Donald himself: Trump on the public's enduring fascination with Trump: "There is something crazy, hot, a phenomenon out there about me, but I'm not sure I can define it and I'm not sure I want to." Trump on naysayers: "You can go ahead and speak to guys who have four-hundred-pound wives at home who are jealous of me, but the guys who really know me know I'm a great builder." Trump on the art of self-promotion: "You might as well tell people how great you are, because no one else is going to." Ultimately, when O'Brien's research revealed that Trump's business record and annual spot on the Forbes 400 list of richest Americans might be more fantasy than reality, he—like so many others who have dared to tangle with the former host of *The Apprentice*—found himself in a courtroom. In a new introduction, O'Brien reflects on the recent wave of TrumpMania and updates readers on what it's like to depose one of the world's most litigious businessmen—and win.

It's not good enough to want it. You've got to know how to get it. Real estate titan, bestselling author, and TV star Donald J. Trump is the man to teach you the billionaire mind-set—how to think about money, career skills, and life. Here is crucial advice on investing in real estate from the expert, everything from dealing with brokers to renovating to assessing the value of property, buying and selling, and securing a mortgage. Trump will show you how to cut costs, decide how much risk to assume in your investments, and divide up your portfolio. He'll also teach you how to impress anyone, how to correct or criticize someone effectively, and how to know if your friends are loyal—everything you need to know to get ahead. And once you've earned your money, you've got to learn to spend it well. Trump presents his consumer guide

to the best things in life, from wine to golf clubs to engagement rings. Check out the billionaire lifestyle—how they shop and what they buy. Even if you're not superwealthy, you can afford many of these luxuries. And what look inside the Trump world would be complete without The Apprentice? Trump will take you behind the scenes, from the end of season one and into season two, with insights into the making and the meaning of TV's hottest show. As Donald Trump proves, getting rich is easy. Staying rich is harder. Your chances are better, and you'll have more fun, if you think like a billionaire. This is the book that will help you make a real difference in your life.

How did a city long dominated by a notorious Democratic Machine become a national battleground in the right-wing war against the public sector? In *Mayor 1%*, veteran journalist Kari Lydersen takes a close look at Chicago mayor Rahm Emanuel and his true agenda. With deep Wall Street ties from his investment banking years and a combative political style honed in Congress and the Clinton and Obama administrations, Emanuel is among a rising class of rock-star mayors promising to remake American cities. But his private-sector approach has sidelined and alienated many who feel they are not part of Emanuel's vision for a new Chicago—and it has inspired a powerful group of activists and community members to unite in defense of their beloved city. Kari Lydersen is a Chicago-based journalist, author and journalism instructor who has written for the Washington Post, the New York Times, the Progressive, In These Times, and other publications. She is the author of four books, including *The Revolt on Goose Island: The Chicago Factory Takeover* and *What it Says About the Economic Crisis*. She specializes in coverage of labor, energy and the environment. She has taught at Columbia College Chicago and Northwestern University and also works with youth
