For Katherine and her three American children, Greece was meant to be a one-year refuge from the late 1930's Depression. Her husband's family-owned orchard should have provided for their well-being, but instead embroiled them in legal debate. WWII Axis bombings of Kalamata prompted the young family to flee to the remote mountain village of Katherine's birth, but Nazi invasion-and seemingly endless occupation of their village and their house-trapped them there until the war's end. Told through the eyes of John, Katherine's youngest child, he shares a universal story of fear and frustration faced by all innocent civilians during war in occupied countries. American Kid is a moving recollection of Katherine's courage, their family's sparse village existence on Mt. Parnon, and years of fear-filled interactions with Nazi soldiers.

Will he ever find his love again or will she always just be a memory?

"A farmer and entrepreneur, Chase is a man of many abilities. Now he is being asked to use those abilities, and his own particular skills with a sword and bow, to assist an alien planet. Hitler is about to kill himself. The date is the 30th of April, the year is 1945. Hitler and his wife of less than two days, Eva Braun, are together in the Führerbunker, an underground complex near the Reich Chancellery in Berlin. Berlin itself is not yet under siege, but it is apparent to all that it soon will be. For the Allies have defeated the Wehrmacht in the Belgian Ardennes and have already crossed the Rhine into Germany. While at the same time, the Red Army are advancing westwards towards the German capital, unstoppable since their decisive victory at Stalingrad. As a result, SS generals are now refusing to obey Hitler's orders. Stuck down in his bunker and feeling powerless, Hitler has begun to suffer a mental breakdown. The war is lost and he knows it now. Germany surrendered, unconditionally, a week after Hitler's death, on the 7th of May, 1945. The following day was declared Victory in Europe Day. The Second World War on the European continent was formally confirmed over. The war would continue in Asia for another three months, eventually ending on the 15th of August, 1945 - just over a week after the dropping of the Little Boy and Fat Man atomic bombs on the Japanese cities of Hiroshima and Nagasaki. Germany was in utter ruins and occupied by the armies of the Soviet Union, France, America, and Britain and her Commonwealth. Meanwhile the world had witnessed the utterly destructive power of atomic weapons. This was how the Second World War ended; it was also how the Cold War began. The Cold War would last nearly half a century, with flashpoints occurring in locations all across the globe; from Afghanistan to Vietnam, Korea to Cuba. The real Cold War battlefield, though, was in Germany. It was here where the militaries of the Soviet Union and the Warsaw Pact countries faced off against the militaries of America and her European NATO allies. It was here where the bulk of the nuclear missiles were located, where the troops were based. Germany - then

Germanies - was the true frontier of the Cold War. Following the collapse of the Berlin Wall in 1989, and the dissolution of the Soviet Union shortly after in 1991, the militaries that had based themselves in Germany for the past 50 years started to slowly return to their respective home countries. The military bases, and all the infrastructure that went along with sustaining them, were stripped bare and left behind. The purpose of this book is to document these Cold War sites as they are today, in 2016. They will not be around for much longer; most face imminent demolition, and the ones that don't are decaying and succumbing to nature. The hope is that by documenting how these bases currently are, as well as providing a short history on each of the sites, an audience unable to visit them themselves will learn something new about the Cold War. It was a military stand-off on a scale of which the world has never seen before. We have history books that communicate that scale; that communicate the dangers faced; the close calls and near misses; the fallibility of all those involved. Perhaps this book, and the pictures it contains, can help to communicate some of these things too, but in a different way.

Greg Gilmore fought hard against returning to Hershey, PA. He has trouble breathing in a town with so many Morrisons running around. Janine Morris, a woman as deeply entrenched in secrets and special military skills as him, only adds to his discomfort. Keeping his family safe is his number one goal. So why do Janine's haunted amber eyes keep enticing him to throw away all his cares and concerns to join forces with a woman who could bring all his enemies right down on the Morrison Family?

himself meet death at the hands of these cruel warriors."The rent in the curtain was nearly sewed up when Black Bull stole into the lodge. He wanted to talk to the little stranger with eyes sad like his own, and he did not wish his mother to know it. Behind Black Bull came his dog, wolfish-looking like most of his breed, but as Black Bull squatted in his corner, the animal crouched close at his master's side as though he loved him."Poor fellow, he has a pet to follow him about just as I had at home," thought Timid Hare. "Perhaps by-and-by the dog may learn to love me too." There was a big lump in the little girl's throat, and she coughed as she tried to choke it back."Hard work," said Black Bull as he watched her pulling the coarse thread through the buffalo skin and trying not to tear it. "Hard work," he repeated. "Too bad."Timid Hare...

DASH & LILY'S BOOK OF DARES is a love story that will have readers scouring bookstore shelves, looking and longing for a love (and a red notebook) of their own. Having survived the worst effects of the Civil War, the city of Memphis, battered but unbowed, finds itself facing a far more dangerous foe. It is invisible, lethal, and unstoppable: a plague of yellow fever. It is the story of JP Mahoney, 14-year-old farm boy who dreams of escape from tedious chores and farmlife routine. It is the story of a courageous young woman, Ginnie Moon, onetime Confederate spy, who now operates a boarding house for men who have survived the war. And it is the story of Kevin O'Boyle, an embittered riverfront laborer, who blames the world for his troubles, and finds the crippled city his perfect prey. Several characters in the novel are actual historical figures, most notably Ginnie Moon, Judge "Pappy" Hadden, and Cap'n Jim Lee. Their actions, and those of the other characters, are entirely fictional. The plague, one of several to hit the city in the years following the war, was all too real.

The Amazing Book of No was just announced as a Winner of the 2015 Readers Favorite Award for K-3rd grade readers. "The Amazing Book of No" is a deceptively simple story that will teach your 3-7 year old how to accept the word "no" when you say it, and why they shouldn't argue. The story is about two moms and their children. One mom says "no" all the time, while the other says "yes" to everything. It is cute and engaging all in one, and designed not to take up too much of a parents valuable time, with the idea being to try and imprint wholesome ideals while kids are young. Reading this just a few times to your boy or girl at bedtime will ensure you don't have any misunderstandings with your children about the word "NO" as they grow older. This really is: The Amazing Book of No!

adventure—the stunning true story of one man’s heroic odyssey from blindness into sight. Mike May spent his life crashing through. Blinded at age three, he defied expectations by breaking world records in downhill speed skiing, joining the CIA, and becoming a successful inventor, entrepreneur, and family man. He had never yearned for vision. Then, in 1999, a chance encounter brought startling news: a revolutionary stem cell transplant surgery could restore May’s vision. It would allow him to drive, to read, to see his children’s faces. He began to contemplate an astonishing new world: Would music still sound the same? Would sex be different? Would he recognize himself in the mirror? Would his marriage survive? Would he still be Mike May? The procedure was filled with risks, some of them deadly, others beyond May’s wildest dreams. Even if the surgery worked, history was against him. Fewer than twenty cases were known worldwide in which a person gained vision after a lifetime of blindness. Each of those people suffered desperate consequences we can scarcely imagine. There were countless reasons for May to pass on vision. He could think of only a single reason to go forward. Whatever his decision, he knew it would change his life. Beautifully written and thrillingly told, *Crashing Through* is a journey of suspense, daring, romance, and insight into the mysteries of vision and the brain. Robert Kurson gives us a fascinating account of one man’s choice to explore what it means to see—and to truly live.

In October, 1942, seventeen-year-old Helmuth Hübener, imprisoned for distributing anti-Nazi leaflets, recalls his past life and how he came to dedicate himself to bring the truth about Hitler and the war to the German people.

Talsy and Chanter return to the peaceful vale, where she gives birth to his son - a creature of the chaos. Travain has stunted Mujar powers and a Trueman personality, making him dangerous and unpredictable, and he is also angry at his father's apparent neglect. Mujar, however, do not care for their children, who are born fully formed and independent. Travain grows quickly, and is everything Chanter warned Talsy he might be. Chanter finds the last piece of the broken Staff of Law and makes it whole, but the laws are lost. His first son is born on the eastern continent they left behind so long ago, but he is blinded by strange golden lights in his mind. He names himself Law, and finds shelter in a hive of semi-ants. The next generation are manants, and attack him, forcing Law to flee into the chaos. In his search for shelter, he travels to the western continent, where Truemen capture him. The wind informs Chanter of his plight, and Talsy insists that they save him. That means venturing into the chaos once more, and now it is far worse than it was before.

desperate screams of Thomas' mother echoing down the near deserted suburban street. The few people milling about outside getting ready for their daily business had said they couldn't make out what the cries were about when they were interviewed. Not initially. Not until Anne, a pretty woman in her early thirties with shoulder length blonde hair, spilled out onto the street wearing nothing more than her dressing gown and slippers anxiously calling out for her five year old son, Thomas, to come out from wherever he was hiding. Eye witnesses reported Anne was closely followed by her husband Bill - a professional, clean-shaven man in his late thirties with dark, short hair - half dressed for work in his suit trousers and unbuttoned white shirt, and that he too looked just as frantic as the mother did.
