Food journalist, podcast producer and former academic Gilly Smith offers fresh insights into the creation of contemporary British food culture. Her latest book explores the story of modern food culture with the creators of lifestyle and food TV and with the academics carving a new world in food and media studies. Taste and the TV Chef investigates how television changed the way Britain eats and sold it to the world. While cooking shows are far from new, they have exploded in popularity in recent years and changed consumption patterns at a time when what we eat has an enormous impact on climate change. What was once merely a genre is now a full-blown phenomenon: never before has food been so photographed, fawned over, fetishized and celebrated as various answers to saving the planet. Celebrity chefs and so-called 'foodies' have risen to new levels of fame, and the cultural capital of cooking has never been so valuable. Looks at the influence of chefs like Jamie Oliver, Nigella Lawson and Gordon Ramsay and the role of TV storytelling in transforming how and what we consume. A ground-breaking contribution to food and media studies, which includes rare interviews with the producers who created some of the most influential stories television ever told, Taste and the TV Chef investigates how food and lifestyle TV changed the way an entire country ate, and then fed it to the rest of the world. Main academic readership will be scholars, researchers and students in cultural studies, media studies. Also practitioners and students in the fields of TV production and writing. Will also appeal to anyone with an interest in the development of food TV and the rise of the TV chef.

"In this remarkable new cookbook, Bergo provides stories, photographs and inventive recipes."—Star Tribune As Seen on NBC's The Today Show! "With a passion for bringing a taste of the wild to the table, [Bergo's] inspiration for experimentation shows in his inventive dishes created around ingredients found in his own backyard."—Tastemade From root to flower—and featuring 180 recipes and over 230 of the author's own beautiful photographs—explore the edible plants we find all around us with the Forager Chef Alan Bergo as he breaks new culinary ground! In The Forager Chef's Book of Flora you'll find the exotic to the familiar—from Ramp Leaf Dumplings to Spruce Tip Panna Cotta to Crisp Fiddlehead Pickles—with Chef Bergo's unique blend of easy-to-follow instruction and out-of-this-world inspiration. Over the past fifteen years, Minnesota chef Alan Bergo has become one of America's most exciting and resourceful culinary voices, with millions seeking his guidance through his wildly popular website and video tutorials. Bergo's inventive culinary style is defined by his encyclopedic curiosity, and his abiding, root-to-flower passion for both wild and cultivated plants. Instead of waiting for fall squash to ripen, Bergo eagerly harvests their early shoots, flowers, and young greens—taking a holistic approach to cooking with all parts of the plant, and discovering extraordinary new flavors and textures

along the way. The Forager Chef's Book of Flora demonstrates how understanding the different properties and growing phases of roots, stems, leaves, and seeds can inform your preparation of something like the head of an immature sunflower—as well as the lesser-used parts of common vegetables, like broccoli or eggplant. As a society, we've forgotten this type of old-school knowledge, including many brilliant culinary techniques that were borne of thrift and necessity. For our own sake, and that of our planet, it's time we remembered. And in the process, we can unlock new flavors from the abundant landscape around us. "[An] excellent debut. . . . Advocating that plants are edible in their entirety is one thing, but this [book] delivers the delectable means to prove it."—Publishers Weekly "Alan Bergo was foraging in the Midwest way before it was trendy."—Outside Magazine

America's most prominent Latino chef shares the story behind his food, his family, and his professional journey Before Chef Aaron

Sanchez rose to fame on shows like MasterChef and Chopped, he was a restless Mexican-American son, raised by a fiercely determined and talented woman who was a successful chef and restaurateur in her own right—she is credited with bringing Mexican cuisine to the New York City dining scene. In many ways, Sanchez, who lost his father at a young age, was destined to follow in his mother Zarela's footsteps. He spent nights as a child in his family's dining room surrounded by some of the most influential chefs and restaurateurs in New York. At 16, needing direction, he was sent by his mother to work for renowned chef Paul Prudhomme in New Orleans. In this memoir, Sanchez delves into his formative years with remarkable candor, injecting his story with adrenaline and revealing how he fell in love with cooking and started a career in the fast-paced culinary world. Sanchez shares the invaluable lessons he learned from his upbringing and his training—both inside and outside the kitchen—and offers an intimate look into the chaotic and untraditional life of a professional chef and television personality. This memoir is Sanchez's highly personal account of a fatherless Latino kid whose talent and passion took him to the top of his profession.

JAMES BEARD AWARD NOMINEE • NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY VOGUE • NEW YORK TIMES BESTSELLER “One of the great culinary stories of our time.”—Dwight Garner, *The New York Times* It begins with a simple ritual: Every Saturday afternoon, a boy who loves to cook walks to his grandmother's house and helps her prepare a roast chicken for dinner. The grandmother is Swedish, a retired domestic. The boy is Ethiopian and adopted, and he will grow up to become the world-renowned chef Marcus Samuelsson. This book is his love letter to food and family in all its manifestations. Yes, *Chef* chronicles Samuelsson's journey, from his grandmother's kitchen to his arrival in New York City, where his outsize talent and ambition finally come together at Aquavit, earning him a *New York Times* three-star rating at the age of twenty-four. But Samuelsson's career of chasing flavors had only just begun—in the intervening years, there have been White House state dinners, career crises, reality show triumphs, and, most important, the opening of Red Rooster in Harlem. At Red Rooster, Samuelsson has fulfilled his dream of creating a truly diverse, multiracial dining room—a place where presidents rub elbows with jazz musicians, aspiring artists, and bus drivers. It is a place where an orphan from Ethiopia, raised in Sweden, living in America, can feel at home. Praise for *Yes, Chef* “Such an interesting life, told with touching modesty and remarkable candor.”—Ruth Reichl “Marcus Samuelsson has an incomparable story, a quiet bravery, and a lyrical and discreetly glittering style—in the kitchen and on the page. I liked this book so very, very much.”—Gabrielle Hamilton “Plenty of celebrity chefs have a compelling story to tell, but none of them can top [this] one.”—*The Wall Street Journal* “Elegantly written . . . Samuelsson has the flavors of many countries in his blood.”—*The Boston Globe* “Red Rooster's arrival in Harlem brought with it a chef who has reinvigorated and reimagined what it means to be American. In his famed dishes, and now in this memoir, Marcus Samuelsson tells a story that reaches past racial and national divides to the foundations of family, hope, and downright good food.”—President Bill Clinton Hamilton, one of America's most recognized chefs, serves up a sharply crafted and unflinchingly honest memoir about the search for meaning and purpose and the people and places that shaped her journey. A “*New York Times*” bestseller. A *Washington Post* bestselling cookbook Become the favorite family chef with 100 tested, perfected, and family approved recipes. The

With Think Like a Chef, Tom Colicchio has created a new kind of cookbook. Rather than list a series of restaurant recipes, he uses simple steps to deconstruct a chef's creative process, making it easily available to any home cook. He starts with techniques: What's roasting, for example, and how do you do it in the oven or on top of the stove? He also gets you comfortable with braising, sautéing, and making stocks and sauces. Next he introduces simple "ingredients" -- roasted tomatoes, say, or braised artichokes -- and tells you how to use them in a variety of ways. So those easy roasted tomatoes may be turned into anything from a vinaigrette to a caramelized tomato tart, with many delicious options in between. In a section called Trilogies, Tom takes three ingredients and puts them together to make one dish that's quick and other dishes that are increasingly more involved. As Tom says, "Juxtaposed in interesting ways, these ingredients prove that the whole can be greater than the sum of their parts," and you'll agree once you've tasted the Ragout of Asparagus, Morels, and Ramps or the Baked Free-Form "Ravioli" -- both dishes made with the same trilogy of ingredients. The final section of the books offers simple recipes for components -- from zucchini with lemon thyme to roasted endive with whole spices to boulangerie potatoes -- that can be used in endless combinations. Written in Tom's warm and friendly voice and illustrated with glorious photographs of finished dishes, Think Like a Chef will bring out the master chef in all of us.

In his second in-depth foray into the world of professional cooking, Michael Ruhlman journeys into the heart of the profession. Observing the rigorous Certified Master Chef exam at the Culinary Institute of America, the most influential cooking school in the country, Ruhlman enters the lives and kitchens of rising star Michael Symon and renowned Thomas Keller of the French Laundry. This fascinating book will satisfy any reader's hunger for knowledge about cooking and food, the secrets of successful chefs, at what point cooking becomes an art form, and more. Like Ruhlman's The Making of a Chef, this is an instant classic in food writing-one of the fastest growing and most popular subjects today.

This book is about the creative work of chefs at top restaurants in New York and San Francisco. Based on interviews with chefs and observation in restaurant kitchens, the book explores the question of how and why chefs make choices about the dishes they put on their menus. It answers this question by examining a whole range of areas, including chefs' careers, restaurant ratings and reviews, social

networks, how chefs think about food and go about creating new dishes, and how status influences their work and careers. Chefs at top restaurants face competing pressures to deliver complex and creative dishes, and navigate market forces to run a profitable business in an industry with exceptionally high costs and low profit margins. Creating a distinctive and original culinary style allows them to stand out in the market, but making the familiar food that many customers want ensures that they can stay in business. Chefs must make choices between these competing pressures. In explaining how they do so, this book uses the case study of high cuisine to analyze, more generally, how people in creative occupations navigate a context that is rife with uncertainty, high pressures, and contradicting forces.

In this tasty tale, a baker hangs out his sign on a small street, and soon the line for his donuts stretches down the block. But it's not long before the competition arrives and a delectable battle of the bakers ensues.

Marco was born of working-class parents on a bleak council estate in Leeds, and his Italian mother died when he was six years old. Today he has become a star chef of international renown, a controversial media celebrity, a national icon of the 1980s and 1990s, and a multimillionaire entrepreneur - all before the age of 40. How has this staggering rise to fame and fortune been achieved? MPW (as he calls himself and many of his new restaurants) is today widely regarded as the best cook in the country, but his astonishing talents and understanding of food are only part of the explanation. As this fascinating book reveals, there are many sides to this complex man which the massive media coverage he has received over the years have never revealed. Charles Hennessy tells the story with insight: the unpromising early life, his first job as a kitchen porter in Harrogate, the epiphany at the age of 17 when he went to work at the Box Tree restaurant in Ilkley, his arrival in London, learning under the Roux brothers, Pierre Koffmann and Raymond Blanc, and the opening of his own first restaurant, Harvey's from whence his fame and fortune grew.

**NEW YORK TIMES BESTSELLER • From the chef behind Momofuku and star of Netflix's Ugly Delicious—an intimate account of the making of a chef, the story of the modern restaurant world that he helped shape, and how he discovered that success can be much harder to understand than failure. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR • Fortune • Parade • The New York Public Library • Garden & Gun** In 2004, Momofuku Noodle Bar opened in a tiny, stark space in Manhattan's East Village. Its young chef-owner, David Chang, worked the line, serving ramen and pork buns to a mix of fellow restaurant cooks and confused diners whose idea of ramen was instant noodles in Styrofoam cups. It would have been impossible to know it at the time—and certainly Chang would have bet against himself—but he, who had failed at almost every endeavor in his life, was about to become one of the most influential chefs of his generation, driven by the question, “What if the underground could become the mainstream?” Chang grew up the youngest son of a deeply religious Korean American family in Virginia. Graduating college aimless and depressed, he fled the States for Japan, hoping to find some sense of belonging. While teaching English in a backwater town, he experienced the highs of his first full-blown manic episode, and began to think that the cooking and sharing of food could give him both purpose and agency in his life. Full of grace, candor, grit, and humor, *Eat a Peach* chronicles Chang's switchback path. He lays bare his mistakes and wonders about his extraordinary luck as he recounts the improbable series of events that led him to the top of his profession. He wrestles with his lifelong feelings of otherness and inadequacy, explores the mental illness that almost killed him, and finds hope in the shared value of deliciousness. Along the way, Chang gives us a penetrating look at restaurant life, in which he balances his deep love for the kitchen with unflinching honesty about the industry's history of brutishness and its uncertain future.

In honor of the special day, Lizzie wakes up super early, as any good chef should, to prepare the perfect meal for her grandmother, whom

Lizzie lauds as the greatest chef in the world.

Join the conversation . . . With more than one hundred women restaurateurs, activists, food writers, professional chefs, and home cooks—all of whom are changing the world of food. Featuring essays, profiles, recipes, and more, *Why We Cook* is curated and illustrated by author and artist Lindsay Gardner, whose visual storytelling gifts bring nuance and insight into their words and their work, revealing the power of food to nourish, uplift, inspire curiosity, and effect change. “Prepare to be blown away by Lindsay Gardner’s illustrations. Her gift as an artist is part of this fluid conversation about food with some of the most intriguing women, and you’ll never want it to end. *Why We Cook* highlights our voices and varied perspectives in and out of the kitchen and empowers us to reclaim our place in it.” —Carla Hall, chef, television personality, and author of *Carla Hall’s Soul Food* “*Why We Cook* is a wonderful, heartwarming antidote to these trying times, and a powerful testament to unity through food.” —Anita Lo, chef and author of *Solo* and *Cooking Without Borders* “This book is a beautiful object, but it’s also much more than that: an essay collection, a trove of recipes, a guidebook for how we might use food to fight for and further justice. The women in its pages remind us that it’s in the kitchen, in the field, and around the table that we do our most vital work as human beings—and that, now more than ever, we must.” —Molly Wizenberg, author of *A Homemade Life* and *The Fixed Stars*

Winner, 2019 James Beard Award for Best Book of the Year in Writing Finalist, 2019 IACP Award, Literary Food Writing Named a Best Food Book of the Year by the Boston Globe, Smithsonian, BookRiot, and more Semifinalist, Goodreads Choice Awards “Thoughtful, well researched, and truly moving. Shines a light on what it means to cook and eat American food, in all its infinitely nuanced and ever-evolving glory.” —Anthony Bourdain American food is the story of mash-ups. Immigrants arrive, cultures collide, and out of the push-pull come exciting new dishes and flavors. But for Edward Lee, who, like Anthony Bourdain or Gabrielle Hamilton, is as much a writer as he is a chef, that first surprising bite is just the beginning. What about the people behind the food? What about the traditions, the innovations, the memories? A natural-born storyteller, Lee decided to hit the road and spent two years uncovering fascinating narratives from every corner of the country. There’s a Cambodian couple in Lowell, Massachusetts, and their efforts to re-create the flavors of their lost country. A Uyghur café in New York’s Brighton Beach serves a noodle soup that seems so very familiar and yet so very exotic—one unexpected ingredient opens a window onto an entirely unique culture. A beignet from Café du Monde in New Orleans, as potent as Proust’s madeleine, inspires a narrative that tunnels through time, back to the first Creole cooks, then forward to a Korean rice-flour hoedduck and a beignet dusted with matcha. Sixteen adventures, sixteen vibrant new chapters in the great evolving story of American cuisine. And forty recipes, created by Lee, that bring these new dishes into our own kitchens.

Because of the relentlessly-demanding nature of the culinary industry, you must first be honest with yourself and make sure you're truly passionate about cooking. If you don't have a real passion for what you should be viewing as an art (culinary art), you'll quickly become frustrated along the journey, which will seriously hamper your chances of career

advancement. But if you are indeed passionate about cuisine, then becoming a chef may seem like a natural step for you to formalize your culinary interest and turn it into a rewarding career. Besides your undying passion there is the very real possibility of a great salary that you'd earn doing what you love, a great opportunity for career advancement and very positive job-growth projections. You can very easily become overwhelmed with the seemingly endless requirements you're expected to fulfill in the quest of becoming a qualified chef, and that's exactly why this book was written: to clarify the path. Learn exactly where and how to get started, the cost and time commitment requirements, how to overcome challenges (such as the lack of adequate funds to finance your culinary schooling), where to get a job once suitably qualified, and how to advance in your culinary career and move up the ladder - assuming your ambition is to soon become an executive (head) chef.

In her decade of living with as little plastic, food waste, and stuff as possible, Anne-Marie Bonneau, who blogs under the moniker Zero-Waste Chef, has learned that "zero-waste" is above all an intention, not a hard-and-fast rule. Because, while one person eliminating all their waste is great, if thousands of people do 20 percent better it will have a much bigger impact on the planet. The good news is you likely already have all the tools you need to begin to create your own change at home, especially in the kitchen. In her debut book, Bonneau gives readers the facts to motivate them to do better, the simple (and usually free) fixes to ease them into wasting less--you can, for example, banish plastic wrap by simply inverting a plate over your leftovers--and, finally, the recipes and strategies to turn them into more sustainable, money-saving cooks. Rescue a loaf from the landfill by making Mexican

Hot Chocolate Bread Pudding, or revive some sad greens to make a pesto. Save five bucks (and the plastic tub) at the supermarket with Yes Whey, You Can Make Ricotta Cheese, then use the cheese in a galette and the leftover whey to make sourdough tortillas. With 75 vegan and vegetarian recipes for cooking with scraps, creating fermented staples, and using up all your groceries before they become waste—including end-of-recipe tips on what to do with your ingredients next--Bonneau lays out an attainable vision of a zero-waste kitchen.

From the reinvention of French food through the fine dining revolution in America, Daniel Boulud has been a witness to and a creator of today's food culture. A modern improviser with a classical foundation (a little rock 'n' roll and a lot of Mozart, he'd say), he speaks with the authority that comes from a lifetime of preparing, presenting, and thinking about food—an ancient calling with universal resonance. In *Letters to a Young Chef*, Boulud speaks not only of how to make a career as a chef in today's world, but also of why one should want to do so in the first place. As he himself puts it, it is "a tasty life." The love of food and the obsession with flavors, ingredients, and techniques are the chef's source of strength, helping the young chef to survive and flourish during the long years of apprenticeship and their necessary sacrifices. Part memoir, part advice book, part cookbook, part reverie, this delicious new book will delight and enlighten chefs of all kinds, from passionate amateurs to serious professionals.

The New York Times bestselling and critically acclaimed memoir from cultural icon and culinary standard bearer Alice Waters recalls the circuitous road and tumultuous times leading to the opening of what is arguably America's most influential restaurant. When Alice Waters opened the doors of her "little French restaurant" in Berkeley, California in 1971 at the age of 27, no one ever anticipated the indelible mark it would leave on the culinary landscape—Alice least of all.

Fueled in equal parts by naiveté and a relentless pursuit of beauty and pure flavor, she turned her passion project into an iconic institution that redefined American cuisine for generations of chefs and food lovers. In *Coming to My Senses* Alice retraces the events that led her to 1517 Shattuck Avenue and the tumultuous times that emboldened her to find her own voice as a cook when the prevailing food culture was embracing convenience and uniformity. Moving from a repressive suburban upbringing to Berkeley in 1964 at the height of the Free Speech Movement and campus unrest, she was drawn into a bohemian circle of charismatic figures whose views on design, politics, film, and food would ultimately inform the unique culture on which *Chez Panisse* was founded. Dotted with stories, recipes, photographs, and letters, *Coming to My Senses* is at once deeply personal and modestly understated, a quietly revealing look at one woman's evolution from a rebellious yet impressionable follower to a respected activist who effects social and political change on a global level through the common bond of food.

Chef Edward Lee's story and his food could only happen in America. Raised in Brooklyn by a family of Korean immigrants, he eventually settled down in his adopted hometown of Louisville, Kentucky, where he owns the acclaimed restaurant 610 Magnolia. A multiple James Beard Award nominee for his unique patchwork cuisine, Edward creates recipes--filled with pickling, fermenting, frying, curing, and smoking--that reflect the overlapping flavors and techniques that led this Korean-American boy to feel right at home in the South. Dishes like *Chicken-Fried Pork Steak with Ramen Crust* and *Buttermilk Pepper Gravy*; *Collards and Kimchi*; *Braised Beef Kalbi with Soft Grits and Scallions*; and *Miso-Smothered Chicken* all share a place on his table. Chef Gretchen Hanson began cooking at the age of two and a half. Food was safe, food was comforting, but most of all, food provided the nurturing deeply lacking in her own family. When *It's Done: the Making of a Chef* winds through her life

story beginning with an abusive childhood, addiction and far too many marriages, culminating in her becoming an award-winning chef and restaurateur. Each story is part of the path that brought Chef Hanson to the place where she could cook for people with compassion, and through cooking, find forgiveness. Chef Hanson explores her weaknesses as a person and addresses them with the fire that allowed her to become a person who cooks to nurture and cooks with love. A coming of age novel filled with self-deprecating humor and failures of mythic proportions, *When It's Done: The Making of a Chef* takes the reader on a story of redemption. This poignant memoir is layered with food and forgiveness. Told with acerbic wit, this is not a touchy feely story about eating kind food: it is the story of the sordid back alleyways behind the kitchen, the seductive passion of the nightly line, the egocentric narcissism of the profession and the breaking free from the traditional bonds that define us. Chef Hanson deconstructs the making of a chef into the basic ingredients of learning to live a life from scratch. Chef Gretchen Hanson is an award-winning chef, author and storyteller. In her intimate memoir on becoming a chef, she explores the dark side of the restaurant business, seduction of the nightly line and the egocentric narcissism of the profession, as well as the ultimate joy of feeding people bountiful and wholesome food. Hanson chronicles her circuitous journey to becoming a chef with wrenching honesty and deprecating humor. Each chapter is accompanied by recipes designed to soothe, seduce and comfort as only authentic loving food can do while learning to live a life from scratch. "One of America's great chefs" (*Vogue*) shares how his drive to cook immaculate food won him international renown-and fueled his miraculous triumph over tongue cancer. In 2007, chef Grant Achatz seemingly had it made. He had been named one of the best new chefs in America by *Food & Wine* in 2002, received the James Beard Foundation Rising Star Chef of the Year Award in 2003, and in 2005 he and Nick Kokonas opened the conceptually radical restaurant *Alinea*, which was named Best Restaurant in America by *Gourmet* magazine. Then, positioned firmly in the world's culinary spotlight, Achatz was diagnosed with stage IV squamous cell carcinoma-tongue cancer. The prognosis was grim, and doctors agreed the only course of action was to remove the cancerous tissue, which included his entire tongue. Desperate to preserve his quality of life, Grant undertook an alternative treatment of aggressive chemotherapy and radiation. But the choice came at a cost. Skin peeled from the inside of Grant's mouth and throat, he rapidly lost weight, and most alarmingly, he lost his sense of taste. Tapping into the discipline, passion, and focus of being a chef, Grant rarely missed a day of work. He trained his chefs to mimic his palate and learned how to cook with his other senses. As Kokonas was able to attest: The food was never better. Five months later, Grant was declared cancer-free, and just a few months following, he received the James Beard Foundation Outstanding Chef in America Award. *Life, on the Line* tells the story of a culinary trailblazer's love affair with cooking, but it is also a book about survival, about nurturing creativity, and about profound friendship. Already much- anticipated by followers of progressive cuisine, Grant and Nick's gripping narrative is filled with stories from the world's most renowned kitchens-The French Laundry, Charlie Trotter's, el Bulli- and sure to expand the audience that made *Alinea* the number-one selling restaurant cookbook in America last year. An approachable, comprehensive guide to the modern world of vegetables, from the leading grower of specialty vegetables in the country Near the shores of Lake Erie is a family-owned farm with a humble origin story that has become the most renowned specialty vegetable grower in America. After losing their farm in the early 1980s, a chance encounter with a French-trained chef at their farmers' market stand led the Jones family to remake their business and learn to grow unique ingredients that were considered exotic at the time, like microgreens and squash blossoms. They soon discovered chefs across the country were hungry for these prized ingredients, from Thomas Keller in Napa Valley to Daniel Boulud in New York City. Today, they provide exquisite vegetables for restaurants and home cooks across the country. The Chef's Garden grows and harvests with the notion that every part of the plant offers something unique for the plate. From a perfect-tasting carrot, to a tiny red royal turnip, to a pencil lead-thin cucumber still attached to its blossom, The Chef's Garden is constantly innovating to grow vegetables sustainably and with maximum flavor. It's a Willy Wonka factory for vegetables. In this guide and cookbook, The Chef's Garden, led by Farmer Lee Jones, shares with readers the wealth of knowledge they've amassed on how to select, prepare, and cook vegetables. “Dominique Crenn is a hero to so many of us, both inside and out of the restaurant industry. She has unlimited courage to always follow her own path, to carve her own way in the world. This book, and Dominique’s whole life, show that everything and anything is possible if you believe in yourself and you keep pushing forward, always forward.” —José Andrés The inspiring and deeply personal memoir from highly acclaimed chef Dominique Crenn When Dominique Crenn decided to become a chef, she knew it was a near impossible dream in France where almost all restaurant kitchens were run by men. She left her home and everything she knew to move to San Francisco, and almost thirty years later was awarded three Michelin stars in 2018 for her influential restaurant Atelier Crenn, the first female chef in the United States to receive this honor—no small feat for someone who hadn’t been formally trained. In Rebel Chef, Crenn tells of her untraditional coming-of-age as a chef. Adopted as a toddler, she didn’t resemble her parents, and was haunted by a past she knew nothing about. But after years of working to fill this blank space, Crenn embraced the power her history gave her to be whoever she wants to be. In this

disarmingly honest look at one woman's evolution from a daring young chef to a respected activist, Crenn reflects on the years she spent working in the male-centric world of professional kitchens and tracks her career from struggling cook to running one of the world's most celebrated restaurants. At once a tale of personal discovery and a tribute to unrelenting determination, Rebel Chef is the story of one woman making a place for herself in the kitchen, and in the world.

Presents a practical but unusual guide to mastering food and cooking featuring recipes and cooking tricks from world-renowned chefs.

"What an extraordinary book! Pain, gain, joy, pathos, and the aroma of braised short ribs. It made me want to open (God forbid!) another restaurant. I never thought anyone could capture the magic and mission of being a chef, but they've done it!" Barbara Tropp, Chef-Owner, China Moon Cafe "An unusually comprehensive book, immensely readable, at once passionate and coherent, probing and well-informed. For anyone interested in the historic coming of age of the professional American kitchen, this is a requisite buy." Michael and Ariane Batterberry, Founding Editors and Associate Publishers of Food Arts "Finally, a book that lets chefs speak for themselves! An insightful look at the complex life of a professional chef in the 90s. Fascinating portraits of the people who have defined American cuisine who they are and how they got to be where they are today. Anyone who is interested in becoming a chef will find this book invaluable this is what it takes to make it." Mark Miller, Chef-Owner, Coyote Cafe and Red Sage "After reading this book, I understand that becoming an outstanding leader is not very different from becoming a chef. Both roles require passion, discipline, authenticity, and an experimental attitude. On top of that, organizing a kitchen may be as difficult as organizing any business. Not only will present and future chefs and restaurateurs want to read this book, but anyone with a taste for excellent cooking and excellent leadership will find something of interest on every page." Warren Bennis, Distinguished Professor of Business Administration at the University of Southern California and Author, On Becoming a Leader and Leaders "Becoming a Chef is a marvelous book for the interested home cook as well as the aspiring chef. Like great wines with great food, there are great dishes and a great education here." Robert Mondavi, Founder, Robert Mondavi Winery
